BLOCKED BY HOUSE.

Refuses to Concur in Senate Cuban Resolution.

Independent Clause Defeated by Vote of 179 to 156.

Fourteen Republicans Break Away From Party Lines.

Foraker-Turpie Amendment Was Stricken Out--Bailey and Reed Have Another Hot Tilt.

WASHINGTON, April 18.—The house of representatives refused today to concur in the resolutions adopted by the senate Saturday night recognizing the independence of the Cuban republic.

The amendment offered by Mr. Dingley, of Maine, striking out the Foraker-Turpie clause of recognition, was adopted in the house by a vote of 179 to 156.

The democrats and populists were united for concurrence, and fourteen republicans broke through party lines and voted with the supporters of the senate resolutions.

The measure will now have to go to the senate for concurrence in the house amendment.

It is likely that a conference will be necessary before any agreement is possible between the two branches of congress.

DETAILS OF THE ACTION.

The Result Was in Doubt Until the Vote Had Been Taken.

WASHINGTON, April 18.—Between the time the house of representatives adjourned at 10 o'clock this morning and the time of its reconvening at noon, the scene on the floor resembled a political convention more than the house of representatives. Members were scurrying about, caucussing in groups and discussing the situation. The uncertainty of the issue was admitted on all hands, although the advantage possessed by the republican leaders to present a motion to concur with an amendment to strike out the provision for the recognition of the existing government in Cuba was conceded. This strategic advantage in compelling the first vote to be taken upon their own proposition measurably strengthened their position.

The populists had an informal conference during the interim in the house and decided to stand to a man for the senate resolution as it passed the senate.

The republicans of several state delegations, among others those of the Pennsylvania and Illinois delegations, caucussed. In both these delegations the sentiment for concurrence in the senate amendments was strong. W. A. Stone, of Pennsylvania, joined Messrs. Robbins and Acheson, and the last named, it is said, won over Mr. Young, of Philadelphia.

In the Illinois delegation Messrs. Lorimer and Mann were the leaders. Several senators were on the floor, among them Senator Burrows, of Michigan, appealing to their colleagues of the house to stand by the president.

HANNA AND GROSVENOR.

Shortly before 12 o'clock Senator Hanna appeared and had a consultation with General Grosvenor, of Ohio. The latter informed the Ohio senator that he considered the action of the house very doubtful.

As the hands of the clock pointed at noon the speaker ascended the rostrum, and with one resounding whack of his gavel silenced the confusion on the floor and the house conversation in the crowded galleries. It was an impressive scene as the members listened with bowed heads to the solemn invocation of the blind chaplain.

No sooner had the chaplain ceased, however, before the confusion was redoubled as the members labored during the last few precious moments.

The reading of the journal had not been concluded before the clerk of the senate announced the passage of the house Cuban resolutions with senate amendments. Instantly the galleries were all attention and members leaned forward in their seats. The leaders watched each other with intent, alert features. The first move was important.

As the resolutions were read the declaration with regard to the recognition of the independence of Cuba were vociferiously cheered by the democrats. This demonstration was repeated when the reading was concluded. Both Mr. Dingley, the floor leader of the majority, and Mr. Bailey, the democratic leader, were on their feet.

MR. DINGLEY'S AMENDMENT.

Mr. Dingley was recognized by the speaker and immediately moved concurrence in the senate amendment with an amendment striking out the clause in the resolution which recognized the independence of the existing republic. The actual form of the motion, which was reduced to writing, was as follows:

"I move to concur in the senate amendment to the house joint resolution with an amendment striking out in the first paragraph the words, 'are and' and also the words 'and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island' so that the first paragraph of the senate amendment will read as follows: 'First, that the people of the island of Cuba of right ought to be free and independent.'"

Upon his motion Mr. Dingley demanded the previous question, which served to cut off amendment and debate.

Mr. Bailey, who was still upon his feet, asked if the motion to concur with an amendment precluded a motion to concur, and was informed by the speaker that it would not if the motion was voted down. It was a moment of intense excitement.

Mr. Johnson, republican, of Indiana, and Mr. Bromwell, republican, of Ohio, were on their feet, both demanding recognition to state parliamentary inquiries. The former wanted to ask unanimous consent to address the house in antagonism to the motion, but he was howled down.

When Mr. Bromwell a moment later declared that he was sent to offer a motion to concur, the democratic side sent up cheer upon cheer.

REPUBLICANS SILENT.

The republican side was ominously silent. The speaker sternly commanded order and then informed Mr. Bromwell that his motion could not be entertained until that of Mr. Dingley had been disposed of.

Mr. Bailey, under cover of making a preliminary inquiry, brought out clearly the fact that unless the motion of Mr. Dingley was voted down, the house could not vote on the motion to concur, of which Mr. Bromwell had given notice.

Mr. Sulzer, democrat, of New York, attempted to interpose with the point of order that Mr. Bromwell's motion took precedence over that of Mr. Dingley.

He had a copy of the rules in his hand and was prepared to argue the question, but the speaker unceremoniously declined to hear him. No division was made on the motion for the previous question but upon the main question a chorus of demands from both sides went up for the ayes and noes. The roll call was watched with intense interest. The democrats started in to applaud every republican who voted "No," but the promised defection of over twenty-five members on the republican side did not materialize. The democrats only had fourteen opportunities to applaud. It was apparent before the end of the first roll call that they were defeated.

DEMOCRATS DISAPPOINTED.

Their disappointment was manifest on their faces while the countenances of the republicans were correspondingly joyful over the victory.

When Mr. Boutelle, of Maine, ascertained that the motion had carried by a safe majority, he withdrew his vote and was recorded present.

The announcement of the vote, 179-156, and the decisive victory, was loudly applauded by the republicans.

Fourteen republicans voted with the democrats and populists as follows:

Bromwell, Brown, Colson, Cooper (Wis.), Dorr, Johnson (Ind.), Johnson (N. D.), Lorimer, Loud, Mahan, Mann, Sulloway, Warner and White (Ill.)

One populist, Seward (Ala.), voted aye with the republicans.

There was a hot tilt between the speaker and Mr. Bailey after the vote, ending in the latter denouncing a statement of the speaker as "absolutely false."

AN INCIDENT SETTLED.

Mr. Sherman, republican, New York, who had been selected as a referee in the controversy between Messrs. Bartlett, democrat, of Georgia, and Brum, republican, of Pennsylvania, over the sensational personal encounter of last Wednesday, then read a statement to which both had subscribed.

The apology to the house was made through Mr. Sherman who stated the matter had been adjusted satisfactorily to both gentleman and that both had apologized. This honorable settlement of the difficulty which had been the subject of comment among the members for several days was received with general expressions of approval. The house then quieted down and proceeded under the call of committees to the consideration of minor matters.

TIME TO MANOUVRE.

Parliamentary Situation Compels the Houseto Adjourn Until Noon.

WASHINGTON, April 18.—Immediately upon the house convening at 10 o'clock this morning in accordance with the recess taken Saturday morning, Mr. Dingley, the republican floor leader, moved an adjournment, which motion was carried. The regular session, therefore, began at noon. The house adjourned for the reason that no message could be received from the senate until that body was in session. The feeling was intense among some of the republicans, and there was every indication of a bitter and determined contest. The republicans who desired to concur claimed that they had enough votes to carry the motion, and the republican leaders were equally confident of non-concurring.

After adjournment the republican leaders who had mapped out the program of rejecting the clause of the senate resolutions providing for the recognition of the independence of the present republic continued laboring with those of their colleagues who still obstinately refused to acquiesce in it. The opposition on the republican side, though small, was resolute. The juncture of this band of "insurgents" as they were called with the democrats for the acceptance of the senate resolutions might defeat the program. The republican leaders, however, confidently claimed that the the defection would not be strong enough to succeed until both sides realized that the result was in doubt and the two hours' breathing spell obtained by the fortunate parliamentary situation which compelled an adjournment till the senate met were utilized in hard work on both sides.

The speaker summoned his lieutenants to his room in the lobby in the rear of the hall and the situation was earnestly discussed. Every republican who was likely to break over the traces was surrounded by a crowd of his colleagues and besieged with arguments and reasons why he could not be justified in joining the opposition at this critical juncture. But, headed by Messrs. Lorimer and Mann, of Illinois, and Bromwell, of Ohio, most of them refused to be persuaded. The democrats and populists were a unit for the adoption of the senate resolutions and Mr. Bailey, the democratic leader, held several consultations with the "insurgent" chiefs. Everything at 10:30 o'clock portended an exciting session.

CONTRACTS LET.

The Pennsylvania Will Move the Fort Sheridan Garrison.

The Chicago and Northwestern Will Move the Fort Brady and the Wabash the Fort Wayne Troops.

CHICAGO, April 18.—On the face of the bidding the Pennsylvania railroad was awarded the contract for moving the garrison from Fort Sheridan, the cavalry and artillery to Chickamagua and the infantry to Tampa. The same line is on the face of the bids, the lowest bidder for the transportation of the Seventeenth regiment from Columbus barracks. The Chicago and Northwestern railway is the lowest for the four companies of the Nineteenth at Fort Brady, at Sault Ste Marie, to Mobile. The contract for the other four companies of the Nineteenth from Fort Wayne lies apparently between the Wabash and the Lake Shore.

THEY WILL GO.

Spaniards Preparing to Leave United States.

Are Acting Under Instructions of Minister Polo--Will Find Refuge in Spanish Ports.

WASHINGTON, April 18.—Acting under instructions from the Spanish minister here, the Spanish consuls in various parts of the country are making arrangements for the departure of the Spanish colonies in their several localities. Arrangements are now concluded for the departure of the Spanish residents of Boston, about thirty in number. Similar arrangements have been made as to the Spanish colony in New York.

While war has not yet occurred, the movement is a precautionary one, as the departure of such large colonies, it is feared, would be attended with difficulty and danger after hostilities had begun. The first actual move of a colony occurred today when the 400 Spanish residents of Tampa, Fla., left on a steamer chartered to carry them to Havana. Most of those from Boston and other points are able-bodied young men, who will be available for military service after their arrival at Havana.

AT PORTO RICO.

Spanish Torpedo Flotilla Reported at that Island.

PROVINCETOWN, Mass., April 18.—Captain Webbo, of the barkentine Morales, who reached this port from Ponce, Porto Rico, today, reports that on April 6, the day before he sailed from Ponca, eight Spanish torpedo boats arrived at that port from the Canaries. Two Spanish men of war were there already. A Spanish cruiser also was sighted in Mono passage as the vessel sailed.

TENRIEFFE, Canary Islands, April 18.—The Spanish authorities are actively fortifying the islands and preparing for 6,000 reinforcements.

ST. VINCENT, Cape Verde Island, April 18.—Transport arrived with supplies for Spanish fleet.

THE SENATE IS FIRM

Will Not Accept the Amendment of the House.

Senator Davis' Motion to Concur Was Defeated.

Ten Republicans Stand by Their Former Votes.

The House Amendment Voted Down by Forty-six to Thirty-Two--Goes Back to House.

WASHINGTON, April 18.—The senate has determined by a decisive vote not to concur in the house amendment to the senate resolution recognizing the independence of Cuba.

The vote was for concurrence, 32; for non-concurrence, 46.

Ten republican senators stood by their former action in voting for the resolution, which was adopted Saturday night.

As soon as the house had passed the amended resolutions they were hurried to the government printer for engrossment and reached the senate at 2:53 this afternoon.

On receipt of the Cuban resolution from the house Mr. Chandler suggested the absence of a quorum in order to secure a full attendance to consider Cuban resolutions.

Seventy-five senators answered to their names on the roll call. On motion of Mr. Davis the Cuban resolution was laid before the senate.

Mr. Davis addressed the senate detailing the effect of the action of the house.

Mr. Davis said many lives had passed away while congress was debating the question and that the Maine disaster still remained unavenged. He thought there should be no further delay.

Mr. Davis thought the independence of Cuba would quickly follow intervention. In order to secure hasty action Mr. Davis moved concurrence in the house action.

Mr. Stewart opposed concurrence, Mr. Stewart yielded the floor for a vote on suggestion of Mr. Teller. Yeas and nays ordered.

At 3:10 p. m. the vote was taken on the Davis motion to concur in the house amendment. The motion was defeated and the senate refused to concur.

The vote was 32 yeas to 46 nays. Ten republicans voted no.

The senate voted without division to insist on its amendments.

Mr. Hale urged the importance of having a conference committee.

Mr. Hale said there could be but one aim in the proceeding against conference, and that was to dragoon everybody into supporting the recognition amendment.

Mr. Hale said the sooner the question was settled the better. He thought war inevitable unless Spain backed down, and it was not worth while to encourage antagonism to the house and the president.

Mr. Aldrich followed in the same line with Mr. Hale. He thought some reason should be given for the unusual proceeding.

Mr. Jones, of Arkansas, said the house had asked for no conference. Calls of "Vote." The vote was reconsidered on the motion to return to the house, and amended so as to provide for asking a committee on conference, and a yea and nay vote was ordered.

The motion for conferees was defeated—34 to 43.

The senate then at once sent the resolution back to the house.

WILL BE CONFERENCE.

Senate Resolutions Meet Second Defeat in the House.

WASHINGTON, April 18—3:40 P. M.—The Cuban resolutions came back to the house from the senate. Mr. Dingley moved that the house insist on its amendment and ask for a conference. Upon that he demanded the previous question.

Mr. Broomwell, republican, of Ohio, moved to concur in the senate amendment recognizing Cuban independence, and on this motion the yeas and nays were ordered.

Bromwell's motion was defeated by a vote of 148 to 173.

Dingley then moved that the house insist on its amendment and ask for a conference. This motion was carried without division.

The conferrees on house side probably will be Dingley, Adams and Dinsmore.

SENATE VOTES.

Recognizes the Independence of Cuba by 67 to 21.

WASHINGTON, D. C., April 18.—After four days of debate the senate Saturday night passed the Davis resolutions, amended so as to include the recognition of the republic of Cuba, by a vote of 67 to 21. The resolutions as adopted follow:

"Joint resolution for the recognition of the independence of the people and republic of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

"Whereas, The abhorrent conditions which have existed for more than three years in the island of Cuba, so near our own borders, have shocked the moral sense of the people of the United States, have been a disgrace to Christian civilization, culminating, as they have, in the destruction of a United States battleship, with 266 of its officers and crew while on a friendly visit in the harbor of Havana, and cannot longer be endured, as has been set forth by the president of the United States in his message to congress of April 11, 1898, upon which the action of congress was invited; therefore,

Resolved, By the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent, and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States, and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over the said island, except for the pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people."

HOW THE SEVERAL SENATORS VOTED.

Following is the vote by which the resolutions were adopted:

Democrats for recognition—Bacon, Bate, Berry, Chilton, Clay, Cockerell, Daniel, Faulkner, Gorman, Gray, Jones (Ark.), Kenney, Lindsay, McEnery, McLaurin, Mallory, Martin, Mills, Mitchell, Money, Morgan, Murphy, Pasco, Pettus, Rawlins, Roach, Smith, Tillman, Turley, Turpie, Vest—31.

Republicans for Recognition—Baker, Cannon, Carter, Chandler, Clark, Cullom, Davis, Deboe, Foraker, Frye, Gallinger, Gear, Hansbrough, Jones (Nev.). Lodge, Mantle, Mason, Nelson, Penrose, Perkins, Pettigrew, Proctor, Quay, Shoup, Stewart, Teller, Thurston, Warren, Wilson, Wolcott—30.

Populists for Recognition—Allen, Butler, Harris, Heitfeld, Kyle, Turner—6.

Republicans Against Recognition—Aldrich, Allison, Burrows, Elkins, Fairbanks, Hale Hanna, Hawley, Hoar, McBride, McMillan, Morrill, Platt (Conn.), Platt (N. Y.), Pritchard, Sewell, Spooner, Wellington, Wetmore—19.

Democrats Against Recognition—Caffery, White—2.

Sheriff Melching Returns With Leslie McFerran.

Deputy Gladieux Has Another Young Man on the Same Charge in Iowa--Wallace Skipped Out.

Sheriff Melching Sunday afternoon returned from Walnut, Bureau county, Ill., where he arrested Leslie McFerran on paternity charges preferred by Ethel Gaskill. The young people are members of prominent Allen county families.

Deputy Sheriff Gladieux is in Washington county, Iowa, where he went to arrest a prominent Cedar Creek township young man on the same charge, preferred by a young lady. Both belong to prominent families.

Last week Sheriff Melching made William Wallace a trusty. Friday afternoon Wallace left the jail and Deputies Gladieux and Witte started after him. They traced him through Woodburn to Antwerp, Ohio, and then to Scio, DeKalb county, where he was with his wife at the home of a brother-in-law. Wallace is again in jail with seventy-seven more days to serve. He will be put to cracking stone.

Ellsworth S. Pettit, through his attorneys, Ninde & Sons, has commenced suit for $10,000 damages against the Grand Rapids and Indiana railway.

The last will and testament of the late Franz Paulman has been filed for probate. He bequeaths all his personal property and real estate to his wife during her life and $300 to his adopted son, Edward Paulman. At the death of the wife the property is to go to the son-in-law, Frederick Koop, in trust for eight grandchildren. The estate is then to be divided into nine shares, one for each of the children, except Hannah, who is to receive two shares. Frederick Borcherding is named as executor.

BURNS PROVE FATAL

Mrs. James F. Sallot Died Sunday Evening

From the Effects of Burns Received Last Week.

She Was Almost Eighty-six Years of Age.

Mrs. John Holstein, Another Aged Lady, Called to Her Last Long Home--Other Deaths and Funerals.

Sunday evening, at 9:20, occurred the death of Mrs. James F. Sallot, the aged lady who was so seriously burned last week. Mrs. Sallot bore her affliction with Christian resignation and, although she suffered intense pain, never did she once complain. Sunday morning, about 11 o'clock, she dropped into a peaceful sleep and never again awakened. The husband and daughter watched at the bedside and at 9:20 the last spark of life was wafted out.

Mrs. Sallot was born Josephine Claude Julliard in France on June 24, 1812. She was married to James F. Sallot November 23, 1834. Mr. and Mrs. Sallot left France March 4, 1846, and arrived in Fort Wayne June 21 of the same year. They located in Allen county near Arcola, and there resided about six years, when they moved into Fort Wayne, and for more than fifty-four years lived here. Two children were born to them—Victor M., who lives on Summit street, and Mrs. M. L. Albert, whose home is at No. 164 East Lewis street. There are nine grandchildren, Josephine Albert being one of them.

James Sallot, husband of the deceased, still lives at the advanced age of eighty-eight years, and is in good health. Mrs. Sallot was, too, at the time of the accident which caused her death, in almost perfect health, and indications were for many more years of life. Only a few days before she had visited the home of Claude F. Eme at the time of the death of his mother, who was a lifelong friend. For almost sixty-four years had Mr. and Mrs. Sallot traveled together down the path of life, and to the husband the loss of the partner of his life's joys and woes is a sad blow.

The funeral will be held Wednesday morning at 9 o'clock from the residence, No. 164 East Lewis street, and half an hour later from the Cathedral.

HOLSTEIN.

Mrs. Elizabeth Holstein, wife of John Holstein, died Sunday afternoon at 2:30 o'clock after a lingering illness of more than three years. Mrs. Holstein was aged seventy seven years, two months and ten days and had been twice married, her first husband, John Butler, having died in 1865. In 1881 Mrs. Butler married Mr. Holstein. Three years ago Mrs. Holstein suffered an attack of paralysis and she has ever since been helpless. She was ailing also with dropsy and the lady's constitution at such an advanced age could not withstand the ravages of both diseases. For more than fifty-nine years Mrs. Holstein lived on the farm in Washington township. The following children survive: Louis and George Butler, Mrs. Mary Snyder, Mrs. Sarah Butler and Miss Julia Butler. The funeral will occur Tuesday at 1 p.m. from the residence and later from the Reformed church on the Goshen road, Rev. Bosch officiating at the services. Interment at Hatfield's cemetery.

MEYER.

Arthur, the two-months-and-fourteen-days-old child of Mr. and Mrs. Henry Meyer, of No. 138 Harrison street, died this morning of bronchitis.

MOORE.

William F. Moore, aged twenty years, an inmate of the feeble minded institute, died Sunday of heart failure. His remains were taken to Knightsville, Ind., for interment.

SUBKOWSKI.

Mrs. Henrietta Subkowski died yesterday afternoon, at 3:15, at the home of the family, at 356 Force street, after a short illness, of rheumatism of the heart. She was the wife of Henry Subkowski and was thirty-five years old. Her husband is employed at the Bass works. The funeral will take place Tuesday afternoon, at 2 o'clock, from the residence, and half an hour later from Zion's Lutheran church.

FOSTER.

Louis Foster, a prominent business man of Pierceton, Ind., was buried at that city yesterday by the Masonic fraternity. Mrs. C. A. Triskett, of East Wayne street, and John R. and C. L. Kretsinger, of the Pittsburg shops, niece and nephews respectively of the deceased, attended the funeral. Bert Foster, of Washington, D. C., formerly of THE SENTINEL composing room, was a son of the late Mr. Foster. The deceased was well known in this city.

ARTHUR BERESFORD

The Eminent Basso, Will Sing at the Temple.

Lovers of good singing will be pleased to hear that Arthur Beresford, the eminent basso, who sang at the Temple theatre with the Clementine De Vere concert company, will give a recital at the Temple tomorrow evening.

Mr. Beresford comes this time under the auspices of the Morning Musical society, but the concert is also open to the public.

ELOQUENT TALMAGE.

The Great Divine Lectured and Preached Here.

Golden Truths Fall From the Lips of the Noted Preacher--Ready to Do His Share in War.

Rev. T. DeWitt Talmage, the great American preacher was in the city Saturday evening and Sunday and during his short stay delivered a lecture and one sermon. An immense audience greeted the great divine at the Princess rink Saturday evening. Rev. Talmage was at his best and carried the people along with him in his elegant words. Just before closing, Mr. Talmage, who is a great lover of his flag but opposed to war, could not desist from mentioning in a roundabout way the threatened war with Spain. He strayed away from his subject long enough to remark that "Turkey and Spain should be swept off the face of the earth."

Sunday evening Rev. Talmage preached at the First Presbyterian church at the request of Dr. Moffat. The edifice was crowded, every seat in the galleries and auditorium being occupied and chairs in the aisles being a necessity. The reverened gentleman selected as his subject the twenty-fourth verse of the thirtieth chapter of 1 Samuel: "For who will harken unto you in this matter? but as his part is that goeth down to the battle, so shall his part be that tarrieth by the stuff: they shall part alike." For almost two hours the Rev. Talmage held the strictest attention of his large audience, many of whom had never before heard the golden truths as they fell from the lips of the great divine.

WILL GO TO WAR.

Rev. Talmage has caught the infection of the hour. In a conversation had in this city yesterday the noted preacher announced his intention of going to the front in the capacity of chaplain. Mr. Talmage has long been fired with marital ardor. Ever since the tragic blowing up of the Maine in Havana harbor he has longed for the opportunity of putting into play a little of his muscular Christianity against the Spaniards.

But the time was not ripe for action. Now, however, Dr. Talmage feels that war is unavoidable, and looks upon it as his urgent duty to go to the front, if not to shoulder a musket at least to inspire those who do by his words and example.

His son, Rev. Frank DeWitt Talmage, of Chicago, is chaplain of the Second regiment of the Illinois national guard, and will without doubt soon be ordered south. Therefore the American public will soon see the inspiring spectacle of father and son, both ministers of the gospel, giving up important charges on account of patriotism and love of country.

Dr. Talmage before leaving Washington called at the war department and applied for the position of army chaplain. He laid his request before Secretary Alger, and it is thought his request will surely be granted.

FIRED ON COVEY.

A Country Lad Shoots Dr. Shilling's Carrier Pigeons.

Fired Into the Covey and Killed One, Wounding Three Others--Spoiled a Trial Fly.

Dr. Carl Schilling sent his covey of eighty-nine pigeons to Keystone this morning, and they were to have another trial. At 8:30 the express agent at Keystone released the pigeons and they soared into the air. As the birds went up they were sighted by a country lad, who went for his gun and fired into the covey, bringing four of them to the ground. One was dead and the others wounded. The balance of the pigeons were badly scared and soaed about until 9:10, forty minutes, before they started on their way back to Fort Wayne.

The wind was against the birds and the first one reached Fort Wayne at 12 o'clock. At 2 o'clock this afternoon only ten of the eighty-nine birds had reached the home of Dr. Schilling. The doctor will prosecute the fellow who shot into the flock if there is a law on the statute books which will permit him to do so. Tomorrow there will be a trial of all the birds of the Homing club.

WANTS A BIG LOAN.

Spain Again Negotiating With London Capitalists.

Fails in an Effort to Borrow $20,000,000.

The Almaden Mine Was Tendered as Security.

Carlists in England Are Becoming Active--Disturbances Continue in Cities of Spain.

LONDON, April 18.—It is reported in the city that the government of Spain has been in communication with leading financial houses here, including the Rothschilds, in an effort to raise a loan of 4,000,000 pounds ($20,000,000) on the security of the Almaden mine. The Rothschilds decline to confirm or deny the rumor.

CARLISTS ACTIVE.

Supporters of the Pretender in England are Preparing for Emergency.

LONDON, April 18.—The supporters in England of Don Carlos, the Spanish pretender, headed by the earl of Ashburnham, are preparing for emergency. Every detail has been arranged to seize the propitious moment for action. The local Carlists are convinced that the Spanish dynasty is doomed and that Spain will be forced to choose between republicanism and Don Carlos. They add that the only chance of the present dynasty is a successful war against the United States, the possibility of which is scouted.

WAR IS CERTAIN.

Such Is the Opinion of General Azcarraga, Former Spanish Minister of War.

LONDON, April 18.—A dispatch from Madrid says that General Marcelo de Azcarraga, the former minister of war and prime minister, has arrived at the Spanish capital to attend the meeting of the cortes. He is quoted as declaring that war is inevitable.

The dispatch adds that many Swedish, Brazilian and other foreign officers are offering their services to Spain.

The next meeting of the Spanish cabinet, the dispatch further says, will discuss the question of privateering.

Leaflets, inciting a popular demonstration, have been seized at Madrid.

RIOTOUS IN BARCELONA.

News of the Senate's Action Caused a Disturbance.

BARCELONA, April 18.—Although Sunday morning passed quietly here, there was a demonstration last evening, when the crowds which gathered in front of the newspaper offices read the latest announcements of the action in the United States senate in regard to Cuba. After it became known that the senate had adopted a resolution favoring recognition of the present Cuban insurgent government, there was a scene of the greatest excitement and patriotic shouts were raised on all sides. When the students heard the news, on leaving the theatres, they paraded the streets, cheering for Spain, and made an attempt to reach the United States consulate. The authorities, however, had taken precautions and the students and others who took part in the disturbance were dispersed.

TAYLOR UNIVERSITY

Sam Small Becomes Interested in the School.

Will Devote the Proceeds of His Lectures Towards Its Support and Will Seek Endowments and Donations.

ANDERSON, Ind., April 18.—Rev. Sam Small yesterday began the task of erecting a monument for himself in the shape of a college. Some time ago the trustees of Taylor university, a small denominational school located at Upland, Ind., approached the evangelist and told him the institution was sadly in need of funds. Mr. Small not only agreed to give support, but he has taken upon his shoulders the work of building it up and making it one of the leading educational institutions in the west. Hereafter the profits of his lectures will be forwarded to the little institution; he will labor for donations and endowments and endeavor to enlarge it. He is confident of his success and expects to see his university one of the leading schools of the country in ten or twelve years. He received a good start in this city yesterday. He will try to enlist Rev. Sam Jones in the work and show what two plain spoken men can can do.

Last evening at her home, 35 Orchard avenue, Miss Mary Starkey was surprised by about thirty-six of her young friends, the occasion being in celebration of her birthday anniversary. The evening was passed in progressive pedro, L. Keller and Freda Wiegman winning the first prize, the booby falling to L. Hahn and Anna Wefel. At a late hour a delicious luncheon and refreshments were served.

The A. O. H. met Sunday and completed arrangements for the A. O. H. state convention, which convenes tomorrow. Headquarters will be at the Randall hotel.

GREAT BRITAIN appears to want to take a hand on the right side of this fight.

WITH war inevitable, as every one believes, action, not oratory, is the thing highest in order.

AFTER appealing to every court in Europe for help, Spain has received the comforting assurance of the powers that while they cannot prevent her getting a thrashing, they will see to it that she is not drubbed any after she is down.

LET us not get worked up to a pitch too high over the attack of a Spanish mob on the American consulate at Malaga. It has been but a few days since American mobs were burning the president of the United States in effigy.

GENERAL LEW WALLACE has decided he can serve his country better in the field then in the senate. He has just notified his friends that he is out of the senatorial race in Indiana and has placed himself at the disposal of the government. It is not unlikely that General Wallace will get a high commission in the Indiana troops if war comes.

SAID Saturday's bulletin from Madrid: "Complete tranquility prevails in Cuba." A few weeks more of Spanish rule and there will not be enough of the inhabitants left to disturb the peace and come within the scope of the riot act. It may be observed, though, that at this writing there is a more pronounced shade of tranquility in Cuba than there will be a week or ten days hence.

THERE was no reason why the senate should have spent three or four days in debating the Cuban question. As it turned out, a vote might just as well have been had the middle of last week. The adoption by an overwhelming majority of the resolutions recognizing the independence of the Cuban republic discloses that there has not been a time since the present crisis became acute when the senate would have taken ground different from that on which it has stood for upwards of a year. Deliberation and debate are well enough if any good purpose is served, but in the present case that was not the fact. However, a score or more of senators have made speeches to be reprinted from the Congressional Record for home consumption.

PRESIDENT ELIOT, of Harvard, in a recent address before the Dorchester Woman's club, lamented the tendency of American families, and especially those of New England, to scatter all over the world. He said that it was normal for generation after generation to reside together, and that it was to hoped that this condition would again prevail in the near future.

IF there is war it is Spain's own choice. She will be notified to vacate her possessions in the western hemisphere, and if she does not choose to do it quietly and without kicking up a brawl with America, the consequences will be her own to pay for. The people of the United States do not want war for the sake of war, and would be pleased to avert hostilities. But there but one condition upon which peace may be maintained. Cuba must be free.

THE United States has fought five wars in the 122 years since the Declaration of Independence. In each one we have triumphed. In that period England has fought six wars —not including conflicts with savages in India and in Africa. And she has lost two—both to America. France has engaged in six, and has lost two—one with the allied powers and one with Germany. Prussia in the same period has lost two out of five wars. Austria has lost two and has gained two. Spain has lost every war she has undertaken in that period—unless her ten years' guerrilla warfare with Cuba may be called victorious.

The Vote in the Senate.

It has been charged, since the house of representatives passed the Cuban resolutions, that the matter was being held up in the senate by the influence of William J. Bryan, who it was set forth, had solicited democrats and populists to make a party issue of the grave measure. An examination of the vote by which the resolutions recognizing the Cuban republic passed the senate Saturday night only is needed to disprove the silly canard.

For recognition there were cast a total of sixty-seven votes. Against recognition there were twenty-one votes. Of the votes for recognition thirty-one were cast by democrats, thirty by republicans and six by populists. Of those against recognition nineteen were cast by republicans and two by democrats.

There was a total of forty-nine republican votes cast and a further analysis of their distribution is interesting.

Of the Ohio senators, Foraker voted for recogdition and Hanna against. Frye, of Maine, voted forand his colleague, Hale, against. Lodge, of Massachusetts, supported the independence resolutions, and Hoar, his colleague, opposed them. Gear, of Iowa, voted aye, and Allison, also of the Hawkeye state, voted no.

The vote of but one state represented by democrats was divided. Caffery, of Mississippi, voting against the resolution. Money, his colleague, of course, voted yes.

There was no politics in the action of the senate and the charges, made up to the time of voting, that there was, fall ridiculously flat. The deliberations of the senate were marked by a singular and happy freedom from attempt to reap partisan advantage. The division represents an honest and conscientious difference of opinions. The senate was controlled by patriotism and not politics.

A LARGE CLASS

Sunday Took First Communion at St. Mary's Church.

At St. Mary's Catholic church Sunday a large class of young people took their first communion. Bishop Rademacher celebrated pontifical high mass at 9 o'clock, at which service the sacrament was administered. Father Oechtering preached the sermon. There was solemn pontifical vespers in the afternoon and Bishop Rademacher preached a sermon. The following class took first communion:

Edward Lampke, Hubert Kukuk, Henry Hoffman, Hubert Berghoff, Frank Weber, John Schmidt, Edward Reed, Thomas Koch, Edward Greve, Louis Schank, Joseph Schwartz, Charles Brink, August Moring, John Schulte, George Hock, Edward Boedecker, George Arens, John Blaising, Lawrence Bauer, John Schultheiss, Henry Brink, Joseph Stier, Joseph Maier, Edward Merz, Frank Luley, Albert Freistroffer, Nicholas Seiler, C. Schramm, Edward Banet, Wm. Boedeker, Fred Dierkes, Charles Gebhart, Edward Violand, Michael Krock, Edward Henkenius, Albert Zimmerman, John Leffers, Caroline Deppen, Angela Amann, Marie Koester, Frances Corcoran, Josephine Schele, Clara Hirschfelder, Gertrude Koffmehl, Wilhelmina Kegelmann, Emma Zuber, Eleanor Muench, Mathilda Lauer, Henrietta Schrage, Catherine Rauner, Elizabeth Gessler, Eliza Hilker, Lucy Mooney, Mary Leeuw, Mary Eggeman, Lillian Mahrt, Mary Handschegel, Flora Didion, Laura Scheffer, Frances Vodde, Mathilda Niebur, Catherine Diebold, Mary Blum, Mathilda Scharf, Catherine Happ, Clara Ofenloch, Gertrude Potthoff, Frances Funk, Margaret Disser, Anna Triche, Louisa Engmann, Rosa Kessens.

CONTRABAND OF WAR

Great Britain's Declaration Regarding Coal.

It is Line With the Wishes of the President and the Navy Department--Will Cripple Spain.

NEW YORK, April 18.—In directing her colonies to regard coal as contraband of war in the event of hostilities between the United States and Spain, Great Britain has taken action in line with the wishes of the president and naval authorities, says the Washington correspondent of the Herald. Pressure will be exerted upon France, Hayti and San Domingo to accomplish the same result, and some attention is being given by the state department to South American countries with a view to securing from them a declaration of contraband character of coal, as well as an announced determination on their part not to sell either to Spanish or American men-of-war a supply of fuel greater than that necessary to enable the belligerent vessel to steam to the next home port.

So far as the Danish West Indies are concerned, the authorities have purchased in their ports all the coal that it is possible to secure. With coal a declared contraband of war administration officials and naval experts say it will be impossible for Spanish vessels to operate in the West Indies or in the Pacific, and as a result, the chances of success for American arms will be immeasurably enhanced.

Great Britain's declaration of the contraband character of coal will affect the United States at only one point—in the far east. The United States now has at Hong Kong a fleet of six vessels, the cruisers Baltimore, Olympia, Raleigh and Boston, and gunboats Concord and Petrel, and these ships are awaiting the word to rush to Manilla.

If the fortifications of the Philippines should stand off the American fleet for any length of time the operations of the vessels would be greatly embarrassed, for, by England's declaration, her colonists will be only allowed to sell to either belligerent supply sufficient to to take him to his home port.

Appreciating the position assumed by the British government, Commander Dewey acting under instructions from Secretary Long, has purchased a large quantity of coal, and has stored it on board two coalers which will accompany his fleet to the Philippines.

Extended operations will necessitate a renewal of the supply and the central position of Hawaii is pointed to by naval experts who want it for a naval base.

Hawaii is 4,000 from the Philippines. Her position in the family of nations would compel her to observe strict neutrality and not to favor one belligerent more than another, but her annexation to the United States, it is pointed out, would result in placing supplies for the Asiatic squadron 2,000 miles nearer to the vessels than would be the case if coal, munitions of war, etc., had to be shipped from the United States.

It also pointed out that Hawaii will find it necessary to sell coal to a Spanish vessel coming in at Honolulu sufficient to take it a portion of the way to its next home port, just as she would sell coal to an American ship.

In the event that coal is declared a contraband of war by France, Hayti and San Domingo, naval authorities say, it will be impossible for Spanish vessels to secure fuel in the West Indies.

WEYLER HUNG IN EFFIGY.

Brooklynites Manifest Their Dislike of the Spanish General.

NEW YORK, April 18.—An effigy of General Weyler hung from a telephone pole at Seventh avenue and Seventh street, Brooklyn, all day Sunday. The figure was put up before daylight Sunday morning and was still hanging late last night. The effigy was dressed in a regulation military coat, with military trousers tucked into a pair of field boots. On the head was a campaign hat and the features were a true reproduction of those of General Weyler. The figure was suspended fifty feet from the ground, and on the breast in large black letters were the words: "Weyler. the butcher."

Crowds stood about the effigy all day long. At one time during the afternoon the crowd became so great that the trolley cars of the Seventh avenue line were blocked until a reserve squad of policemen were called to disperse it.

CUT NAILMAKERS' WAGES.

Men at Anderson, Ind., Receive Notice of a Heavy Reduction.

ANDERSON, Ind., April 18.—The new wire nail trust has posted notices of a reduction in wages ranging from nine per cent to thirty-three per cent, and including almost all of the 800 workmen in the Anderson plant.

The workmen were holding meetings yesterday and preparing for action. The trust now controls fourteen of the largest plants and employs over 10,000 men. It is understood reductions of a similar nature are to be made in all plants, so as to make a uniform scale with the lowest paid.

Anderson men yesterday began work organizing these 10,000 men, located at various points, for the purpose of resisting the movement on the part of the company. The situation is serious.

"MOSQUITO FLEET."

Auxiliary Warships Leave New York Bay Headed Southward.

NEW YORK, April 18.—Two vessels of the "Mosquito fleet" were in the lower bay this morning. The Eagle, formerly the yacht Almy, which had gone down from the navy yard yesterday, will sail during the day. The steamer Hawk, formerly the yacht Hermione, at 9:07 a. m., passed out the hook to sea. The steamer Hornet, formerly the yacht Ailsa, left the navy yard this morning and passed quarantine at 9:23 a. m. bound out.

The Eagle passed Sandy Hook at 9:45 a. m., and the Hornet fifteen minutes later. Outside they joined the Hawk and all three proceeded under full steam to the southward.

FIGHTING IN CUBA.

Insurgents Capture a Spanish Fort in Pinar Del Rio.

Cubans Had the Best of the Battle--News From Havana Reports All Quiet There.

HAVANA, April 18—9 A. M.—News of further fighting between the insurgents and Spanish troops in the province of Pinar Del Rio reached here today. It appears that a force of insurgents, under Lores Auguilar Rizo, made an attack, two days ago, upon the Spanish fort at Espujarosa, Pinar Del Rio, and had the best of the fighting, even according to the Spanish account of the affair.

The official report of the fight says the fort was a small one, garrisoned by volunteers, who made a "heroic defence, lasting three hours." In the meantime, however, it is officially admitted, the insurgents entered the town and plundered and burned a tobacco ware house. The Spanish reports add that the garrison of the fort lost four men killed and had nine men wounded.

QUIET IN HAVANA.

HAVANA, April 18.—9 A. M.—The inhabitants of this city are enjoying a bright summer morning. All is quiet here. The park last night was crowded with pedestrians who enjoyed the music of the military band. An important piece of work was successfully completed this morning, that of carrying the vento water to Casa Blanca opposite Havana bay, and to the Cabanas fortress.

News has been received from the town of Alfonso XII, province of Havana, that a dynamite bomb was exploded near the church there at 8 o'clock on Saturday night. killing two people and wounding one man.

It is alleged that the Spanish and foreign merchants here are claiming that the Plant steamship line should be fined "for not complying with the postal treaty."

PRAY FOR MR. GLADSTONE.

Request Publicly Made at Hawarden by the Statesman's Son.

HAWARDEN, April 17.—Mr. Gladstone passed a less comfortable day. His doctors say there has been very little change in his condition during the last week. Mrs. Gladstone and the other members of the family attended service in the Hawarden church yesterday morning, the Rev. Stephen Gladstone officiating.

As indicating the gravity of Mr. Gladstone's condition, it is noted that the officiating clergyman requested the prayers of the church for his father. He also requested the prayers of his congregation that "peace might be maintained between two great Christian countries, the United States and Spain."

HOLDING A GHOST DANCE.

Cheyenne Indians, Incited by Medicine Men, Likely to Cause Trouble.

GUTHRIE, Okla., April 18.—Nearly 1,000 Cheyenne Indians are gathered on the banks of the North Canadian, many miles from the agency, holding a ghost dance.

It is feared by many that the Indians, incited by their medicine men, will take advantage of the absence of troops from neighboring forts to start an uprising to secure more beef rations and in revenge for the enforcement of the territorial anti-polygamy law, which has caused great discontent in the tribe.

ATTACKED BY ITALIANS.

Foreman Blamed for an Accident in Which Two Were Killed.

SCHENECTADY, N. Y., April 18.—Two Italian canal laborers were instantly killed and another seriously injured at Fondas Basin, six miles east of this city, yesterday, by the breaking of a derrick boom while it was in use lifting stone. Some of the Italian workmen made an attack upon the foreman with drawn knives, threatening his life, as they blamed him. The attack was checked, however, before they had done any injury.

ARMAMENT COMPLETE.

Cruiser Charleston is Nearly Ready for Active Service.

MARE ISLAND, Cal., April 18.—The last of the six-inch rapid fire guns have been mounted on the Charleston, completing her armament with the exception of the rapid fire guns which will be placed in the tower.

Every day from twenty to thirty recruits are sworn in on the Independence. There is still a need of able seamen and second grade engineers.

FLY-CASTING RECORDS.

Walter D. Mansfield is Now Indoor and Outdoor World's Champion.

SAN FRANCISCO, April 18.—Walter D. Mansfield has broken two world's records for both outdoor and indoor fly casting. He extended his line a distance of 120 feet, 6 inches. This exceeds by one-half a foot the record made by Leonard in Madison Square garden at the indoor fly-casting tournament held in the early part of the year, and by seven feet Mansfield's own outdoor record.

FOREIGN MEDDLERS.

Chicago Federation of Labor Urges Retaliation Against Them.

CHICAGO, April 18.—The Chicago Federation of Labor has unanimously adopted a resolution that the people of this country should retaliate against any foreign country that might intermeddle in the present crisis by refusing to buy its productions and manufactures.

Commercial Cable to Japan.

NEW YORK, April 18.—The Commercial Cable company gives notice today that the Japanese land wires are now in working order and that messages from Japan are accepted without restriction.

BASE BALL.

Items of Interest to Lovers of the National Game.

Happenings in the Several Cities of the Inter-State Circuit--What the Players Are Doing.

Frank Fitch, Fort Wayne's favorite short stop, arrived in the city Sunday afternoon and now the team is complete. The only player signed and not released who has not reported is Seidensticker and Manager O'Meara has notified him to keep in condition and be in readiness to jump into the game at any time. Seidensticker is a left-hander and is not desirous of reporting now.

The team will this week be put through signal practice. There will be slight change from those of last year as all the players are thoroughly familiar with the old signs. The batting order will be changed, Kihm going to the top and Cook dropping down to fourth or fifth. Manager O'Meara believes this will strengthen the batting and running of the team. All the men are hitting the ball hard and if "Goat" Fitch gets back his batting eye the team will be the strongest batting aggregation in the Inter-State league.

BEAT THE SHAMROCKS.

The Shamrocks took the place of the Indians in the game at Lakeside park yesterday and the professionals won by an overwhelming score. Heller was in the points the first three innings for the Shamrocks and did fairly well, although he was supported poorly by Walter Welch at backstop. Ed. Herr went in for the amateurs the next three innings and his curves were pounded in all directions by his mates on the Fort Wayne team. He was, however, given very poor support. Robbins pitched the last three innings and was hit hard in only one inning. Alloway, Minnehan and Patterson pitched three innings apiece for the league team. Minnehan was somewhat wild, but Alloway and Patterson were quite effective. The latter at one time put six strikes out of seven pitched balls across the plate and there was speed enough on all of them to burn a hole in a war vessel. The score:

Fort Wayne . 1 1 1 1 3 6 3 2 4—25
Shamrocks . . 0 0 0 1 0 1 0 1 0— 3

Batteries — Alloway, Minnehan, Patterson and Campbell; Heller, Herr, Robbins, Welch and Eissing. Umpire—Hubbard.

NOTES.

Only one of Grand Rapids pitchers is a right-hander.

The Shamrocks will hold a meeting at Welch's tin shop tonight.

Hickey is quite a batter and will be retained as a general player.

Bay City and Page Fence Giants have each defeated Torreyson's Babies.

Patterson has been appointed captain of the Youngstown team by Manager Geer.

With Kelb and Blue gone Toledo will not be one, two, three in the coming championship race.

Thayer Torreyson is reported to own a block of stock in the Grand Rapids club in addition to being its captain.

Alloway, Patterson, Reiman, Minnehan and Herr make the strongest corps of twirlers in the Inter-State league.

The Eagle Rocks yesterday defeated the Bloomingdale Stars by a score of 38 to 6. The feature of the game was the batting of the Eagle Rocks.

Cooke bats as well as ever. He made three singles and two two-baggers yesterday. All the players have been lining them out in great shape, however.

New Castle now has the biggest team physically it has ever possessed. Some of the Quakers this season are veritable giants, and remarkably active for their size.

In Boston it is reported that Charles Hickman, the ex-New Castle player, will be farmed out to the Norfolk club, of the Atlantic league, or to some eastern league club.

The Dayton team is showing up very strong in practice and is perhaps composed of better material than last year. The team played a tie with Detroit and won twice from Indianapolis.

Milwaukee, Indianapolis and Columbus were defeated by Mansfield, Dayton and Toledo and still there are some people who do not believe the Inter-State plays fast ball. They are few, however.

"Chick" Stahl struck out the first time to bat in the championship season and then followed with two doubles and a single, which sent enough runs across the plate to win the game for Boston.

The Spy Runs were defeated by the Keystones yesterday afternoon. Score: 27 to 7. Batteries—Spy Runs, Green and Hoffer, Hughes and Boseker; Keystones, Foutz, Bates and Fitzpatrick.

Dayton Herald: "Manager Armor has begun his weeding process and Saltmarsh, Lesch and Watts have received their releases. The following is a list of the pitchers remaining: Rosebrough, Brown, Daugherty and Bates.

President Hanlon, of the Baltimore base ball club, has informed the players of his club that $4,000 would be divided among them at the end of the season if they captured the pennant and $1,800 if they finished in second place.

The famous John M. Ward is now a legal adjuster for the Nassua trolley road in Brooklyn, which is owned by Al Johnson and his brother, Congressman Tom. They say that Ward is making more money than he ever made in base ball.

Grand Rapids Press: "The Dayton Journal facetiously remarks that Manager Torreyson ordered secret practice so that his men could get used to empty seats. Mr. Bickham's son should show more courtesy to a new comer in the league than to judge it by harsh Dayton standards."

A special from Toledo says: "Manager Strobel said today that he is going to try and capture the Inter-State pennant again this season for the third consecutive time. He predicts much faster ball in the Inter-State this year than has ever been played before in any of the minor leagues."

Youngstown Telegram: "There is a strong probability that the local baseball team will be deprived of the services of Pitcher Peter McBride during the first month of the Inter-State league season. The young twirler was to have reported last Wednesday, but his non-appearance occasioned the sending of a telegram as to the cause of a delay. In reply McBride stated that his parents objected seriously to his leaving Manhattan college until he has completed his course, which he will accomplish next month. He states that he is endeavoring to overcome these objections and if possible will get away at once. In case he should remain at school he will report for duty at Youngstown the latter part of May, in shape for the season's campaign.

A telegram announces the death in an institute near Baltimore of "Bobby" Matthews, the great base ball pitcher. Matthews was about forty-five years of age and retired from the professional ball field in 1890, after fully twenty years' service in the profession, during all of which time he held a high reputation as a pitcher. No other ball pitcher ever held himself in the first class for scarcely more than half that length of time. Matthews started in as a professional away back in the '70s with the Kekiongas, of this city, and in subsequent years played with the Lord Baltimores, Bostons, Mutuals of New York, Athletics of Philadelphia and other clubs. He was attacked with paresis about two years ago, and had since been in a Baltimore institution for treatment.

FIRST DEFENDERS.

Thirty-Seventh Anniversary Observed by Pennsylvania Veterans.

READING, Pa., April 18.—The five Pennsylvania companies, now famous as the first defenders, because they were the first to respond to President Lincoln's call for troops, observed at Orwigsburg, Pa, today, the thirty-seventh anniversary of their departure for Washington.

The five companies, consisting of the Allen infantry, of Allentown; Logan guards, of Loomistown; Ringgold artillery, of Reading, and the national light infantry, and Washington artillery, of Pottsville, mustered 530 men when they arrived in Washington. At the business meeting today a report was made showing that 123 are still living.

Another dramatic performance by Fort Wayne's prominent society folks will be given at the Temple theater Thursday evening, May 26, when Lord Lytton's charming play, "The Lady of Lyons," will be produced. The players who will participate in the production will be the Misses Emma Rurode, Julia Marie Taylor, Alice Crane, Irene Smith, Mayme Fuller, Messrs. Nathan Smyser, Lee Ninde, Will Peters, Walter Seavey, Parke Frazier, D. C. Fitch, W. E, Adams and Jack MacDougal. The event will close with a reception at the Wayne club.

CONQUERS RHEUMATISM.

A New and Powerful Remedy That Cures the Disease.

Has Accomplished Many Wonderful Results in Chronic Cases.

Gloria Tonic, a specific for one disease, has had a remarkably severe test in many cases of rheumatism. So pronounced have been the cures that no doubt exists as to this remedy being nature's antidote for the peculiar malady. A resident of Harvard, Ills., Thomas Callahan, after suffering continuously for four years, was entirely cured and has been instrumental in making the remedy well known in his town, where it has become the standard cure for rheumatism.

Gloria Tonic is not a cure-all, but a specific for rheumatism only, and in many hundreds of cases has never been a failure. No one can afford to doubt the wonderful success of this great remedy.

Testimonials and explanatory circulars will be sent to those who write.

LAID CORNER STONE.

Exercises at the Church of the Precious Blood.

All the Fort Wayne Catholic Clergy Participate in the Services of the Laying of the Corner Stone.

Sunday afternoon at 4 o'clock the corner stone of the new Catholic church in the Ninth ward, which will be known as the Church of the Precious Blood, was laid with appropriate exercises. Bishop Rademacher officiated and blessed the stone. All the Catholic clergy, except Father Brammer, who was in Chicago, were present and assisted in the exercises. The pastor of the new church is Francis Nigsch. C. PP. S. The following document was placed in the corner stone:

"In the twenty-first year of the pontificate of Leo XIII. while Rt. Rev. Joseph Rademacher is bishop of Fort Wayne, William McKinley president of the U. S. A., James Mount governor of Indiana, and Henry P. Scherer mayor of the city of Fort Wayne, the Rt. Rev. Bishop Rademacher himself blessed and placed the corner stone of this church, dedicated in honor of the Precious Blood of Jesus Christ.

"April 17, 1898, being the 122nd year of the declaration of independence."

Among the relics placed in the corner stone was a copy of THE FORT WAYNE SENTINEL. Work will proceed rapidly on the new church.

Mrs. Wheeler, corner Thomas and Horace streets, is visiting in the country, the guest of her parents and friends.

Cancer

Mrs. A. H. Crausby, of 158 Kerr St., Memphis, Tenn., paid no attention to a small lump in her breast, but it soon developed into a cancer of the most malignant type. The best physicians in New York treated her, and finally declared her case hopeless. As a last resort, S. S. S. was given, and an immediate improvement resulted; a few bottles cured her completely, and no sign of the disease has returned for ten years.

SHOP AND RAIL.

A Nickel Plate Brakeman Hurt at Leipsic.

Accidents, Incidents and Personal Mention as Gathered by Our Reporter at the Depot and Shop.

W. A. McDowell, a brakeman on one of the Nickel Plate's local freight trains, running between this city and Leipsic, Ohio, had a narnow escape from death Saturday evening. His train had just arrived at its destination, Leipsic, and was doing some switching, when the brakeman fell from a car and it passed over him, rolling him over two or three times. Fortunately the wheels did not touch him and he escaped with his life, but sustained a badly sprained ankle and a bruised hip. He may be injured internally also, though it is not believed that he sustained any serious injuries of that character. Mrs. McDowell went down to Leipsic Saturday evening on No. 6, and will remain there with her husband until he can be brought home. Dr. J. M. Dinnen, the company's surgeon, also went to attend the injured man, returning yesterday.

PERSONAL AND OTHERWISE.

The Wabash pay car will arrive in Fort Wayne April 26.

Nearly all the railways of the country will put new time cards into effect May 1.

F. C. Turner, a coppersmith, is not at his usual place in the Pittsburg shops today on account of sickness.

After an illness of three months, Henry Dickmeyer resumed work in the Pittsburg blacksmith shop this morning.

Sherman Cutshall, clerk in the blacksmith department of the Pittsburg shop, is confined to his home by sickness.

Chief Clerk H. G. Granger, of the Wabash master mechanic's office, went to St. Louis last night on railway business.

Cabinetmaker H. C. C. Nees, of the Pittsburg shops, has recovered from a sickness which kept him at home six weeks.

Passenger Conductor Lee A. Kenaga, of the Pennsylvania, is having some important improvements made to his home at 88 West Williams street, included being a $400 addition.

James Finney, of the Pittsburg machine shop, who had a finger hurt two weeks ago, reported for duty this morning.

C. F. Schaefennecker, of the Pittsburg shops, is sick and off duty. H. D. Phillips, of the same shop, is also on the sick list.

Switchman Harry Fink, of the Pittsburg, has moved his family from Horace street to a cosy cottage at 189 Smith street.

The railway brotherhoods are to have a big union meeting at Kenova on April 21. Arrangements are making for a large crowd.

The Santa Fe has contracts to bring to northern and eastern markets in the next few months 8,000 car loads of live stock.

Ira Hall, yardmaster of the Chicago and Alton at Bloomington, Ill., is spending a few days with relatives and friends in the city.

Ed White, of the Pittsburg shops, is nursing a lame finger and will not be able to work for several days. The digit was injured in the shop Saturday.

J. C. People, of the Pittsburg planing mills, has as his guest his father from Decatur, Ind., and is taking a lay off in order that he can properly entertain the visitor.

Fred Ward and Ed Connet, formerly of Rastetter's Bicycle works, have accepted positions the with Star Plating and Manufacturing company, of South Broadway.

Henry Rathort and Frank Minnich, victims of accidents, were able to resume their work in the Pittsburg boiler shop this morning. The former had been disabled for two weeks.

Alfred W. Rooks, who has been in the railway mail service for fourteen years, died at Detroit on Thursday. He was ex-secretary of the National Association of Railway Postal Clerks.

A Pennsylvania freight crew had an exciting time with a burning car between Valparaiso and Wanatah last Friday afternoon. Sparks from the engine lodged among some ties on a flat car and was soon fanned into a good-sized blaze. The trainmen cut the car out at Wanetah, and a gang of section men extinguished the fire before any serious damage resulted.

Dr. E. F. Wagner, of the Pennsylvania relief department, left for Cleveland today and will not return until Wednesday evening.

On Sunday the first of the class H engines, the largest ever built by the Pennsylvania, will be turned out of the shops at Altoona.

The Chicago and Rock Island has resumed its train service into Atchison, Kan., after a suspension of nearly four years, the improvement in business in Kansas justifying the better service.

Brakeman Beckschultz, of the Grand Rapids and Indiana south local, has reported for duty again after an absence, caused by an injury received while lifting freight a few days ago.

Gene Nolan has taken his old place in the store room and office of the paint department of the Pittsburg shops, vice G. E. Underhill, who this morning became an apprentice in the engine painting department.

Seventy-two men employed by the Chicago and Eastern Illinois, who reside at Danville, Ill., have placed their names on a roll as volunteers in case of war with Spain. The list comprises trainmen, yardmen and shopmen.

Leon R. Griffin and Mart M. Shelvey, of the Star Plating and Manufacturing company, of South Broadway, were the guests of Bert M. Gorrell and Ned Carey, of the Payne Press-Review, Payne, Ohio, last Friday and Saturday.

A new lodge of the Brotherhood of Railway Trainmen was organized yesterday at Braddock, Pa., starting with over one hundred members. The number of railroad men at Braddock and Bessemer has greatly increased with the opening of the Carnegie lines.

The stars and stripes now float over Moro castle. Not the original at Havana, but a miniature one on the platform east of the electric works. Some of the employes at that establishment built the castle, mounted a cannon and hoisted the flag in celebration in advance of an event which will take place later.

The Nickel Plate has established freight transfers at Knox and Leipsic Junction, where all through eastbound freight will be transferred from foreign cars to the cars of the company. This is done to save car mileage, which otherwise would have to be paid to the owners of the cars in which the freight was originally shipped.

Hundreds of men are employed on the Pittsburg, Fort Wayne and Chicago road reducing the grade between West Rochester and South Brighton. This work was started several years ago, but abandoned during the dull times. This work completed, engines will haul five to eight more cars, and the fast trains will be able to increase their speed.

The March announcement of the assessment of demerit marks under the Brown system of discipline on the Wabash is out, and it shows that on the eastern division a switchman was dismissed for intoxication and a brakeman dropped for the accumulation of the fatal sixty demerit marks. It is stated that the new system of discipline has already perceptibly improved the service.

Last year the Nickel Plate made extensive improvements to its western division in building new bridges, laying heavier steel, etc. Now the company has commenced similar improvements to its lines east of Cleveland. The long wooden bridges at Angola, Silver Creek and Ashtabula have been replaced with new steel structures, and large quantities of new steel and cross-ties are being distributed.

S. R. Calloway is noted among railroad men for his unpretentious habits, as a rule traveling in a coach with the public, but his position is now such that he cannot conveniently do so, and the Wagner Palace Car company has furnished him the elegant private car Grassmere to travel in. It is stated that it took a considerable amount of gentle pressure to induce him to accept the offer of the Wagner people.

Norman Beckley, who entered the service of the Lake Shore road in 1858, states that the stock of the Lake Shore, which is now selling at $200 per share, then sold at $7 per share. There is one thing which seems a little singular—the passenger business of the Lake Shore was then heavier than now. Just as many trains were run then, and there were no empty seats. The business which the Lake Shore then enjoyed is divided now with four competing lines.

Wabash Plain Dealer: "Here is an innovation. Passengers arriving in Chicago after May 1 will have the opportunity of riding to their hotels or transferring across the city in horseless carriages. The electric vehicle is no longer an experiment, and arrangements have been made with the Owen H. Fay company, of Chicago, for this service from the Dearborn Street station. Aside from the pleasing novelty of being whizzed through the streets with do apparent motive power, these electric vehicles will prove valuable as time savers, especially where transfer across the city to other depots for connection is desired. The progressive management of the Wabash certainly deserves great credit for adopting this radical improvement."

A YANKEE TRICK.

United States Cutting Off Spain's Coal Supply.

A Collier With Cargo for Spain to be Purchased—Spain Will be Helpless in Western Water.

NEW YORK, April 18.—A dispatch to the Herald from Washington says:

In view of Spain's efforts to collect coal at Havana and San Juan, no doubt exists in political circles that the naval plan for the Spanish government contemplate the dispatch of the fleet to western waters.

It is officially admitted that this government has determined not to permit American coal to be taken to the Cape Verde islands on board the British tramp steamship Hampstead and that negotiations are under way for the sale of that vessel and her cargo to the United States. The Hampstead, although she was to have sailed Saturday has not gone and her purchase will probably be announced.

It is admitted by officials that they are trying to meet trick with trick. There is but a small amount of coal at St. Vincent and it would be necessary for the Spanish fleet to go to some other point for fuel within a short time, as the supply at Cape Verde cannot last any length of time. It was to help the fleet now gathered at that point that the Hampstead was ordered to proceed to Cape Verde after purchasing a supply at Lambert's Point. The United States is in great need of colliers, especially one already loaded with coal and it would, therefore, be only too glad to take from Spain the vessel and her cargo and use her for offensive purposes against her first employer.

Official information received by the authorities also indicates that there is but a small quantity of coal at the Canary islands. A desperate effort is being made by Spain to ship supplies to that point and also to Cape Verde, which is evidently to be the anchorage of the fleet until war breaks out. It is impossible for Spain to procure coal in England because of the strike now in progress in the coal mines and also because the English coal dealers refuse to receive promises to pay, and will only sell to the Madrid government for cash.

It is known that Spain has been floating considerable paper in continental Europe, but she has been unable to force any bonds on the English merchants. Whether Spain pays cash for goods purchased in the United States is not known, but it is believed that what little money she has she is spending for protection and the coal she is sending to Havana.

WANTS TO FIGHT.

Gen. Lew Wallace Withdraws From the Senatorial Race.

INDIANAPOLIS, Ind., April 18.—Gen. Lew Wallace gave out the following statement yesterday over his own signature:

"In view of the certainty of war with Spain, I today tendered the national government my services in the field. That I have been a candidate for United States senator may subject this action on my part to misconstruction, so I beg to announce my withdrawal from the senatorial race. To the many republicans who have given me their support I offer my hearty thanks and most grateful acknowledgements."

The general has said all along that he was anxious to go to the front in the event of war. His withdrawal from the senatorial race, his friends say, is final. The indications are that Governor Mount will be the senator if the republicans carry the legislature. Unless there is a demand for many volunteers from Indiana the general will not get a commission from Governor Mount, as the officers of the national guard of the state are to be chosen first.

MAY GO TO WAR.

Employes Under Treasury Department Will be Reinstated When They Return.

WASHINGTON, April 18.—Secretary Gage has issued a circular in which he states that in case any officer, clerk or employe under the treasury department desires to leave the service temporarily to engage in the military service in the event of war, he may be reinstated at any time within one year. Temporary appointments will be made to fill places so vacated, with the understanding that upon the return of the employe the temporary clerk will be removed so that the former can be reinstated.

There will be a social and entertainment given at St. John's Lutheran church tomorrow evening.

LABOR FOR WAR.

Peace Resolutions Voted Down in New York.

Bishop Potter and Other Great Men Present a Strong Declaration to the Central Labor Union.

NEW YORK, April 18.—Bishop Potter presented a set of resolutions against war at the meeting of the Central Labor Union last night, but they were defeated by a vote of nearly 2 to 1. The resolutions were signed by the bishop, Ernest H. Crosby, Wm. Dean Howells, Bolton Hall, Chas. Frederic Adams and John C. Crosby.

The resolutions are a masterly arrignment of war and a plea for peace, couched in the most persuasive language of men renowned for their ability in the use of words; but they failed to stem the tide of patriotism.

They say the destruction of the Maine is a question of fact, and should be left to arbitration; that the cruelty and oppression of the poor in our land equal that in Cuba; that war will add only suffering to both Cuba and the United States; that a Cuban republic would be more cruel and oppressive than the Spanish rule; that the speculators would make money while the workingmen of the two nations shot each other down, and that a foreign war would interfere with the great battle for industrial freedom, which is more important.

PLEASANT HOURS

Enjoyed by Fort Wayne Citizens and Their Friends.

Sunday School Picnic, Wedding Anniversary, Birthday Clebration and Other Enjoyable Events.

Saturday, at his home, on South Broadway, A. C. Beaver entertained the Sunday school class of Mrs. Stevens, of the First Baptist church. Before going to the home of the host the young people enjoyed a 'bus ride about the city. After reaching their destination games were played until about 10 o'clock, when Miss Stella Helmer was crowned queen of the day and presented with a handsome bouquet of flowers. In return the class presented Mr. Beaver with a silver cup and saucer.

At 12 o'clock the guests were invited into the dining room, where a bounteous feast awaited them. After this pleasing part of the program Mr. Perry, the photographer, took several pictures of the class and the house. At 3 o'clock the young people visited the county poor house and orphans' home. Upon their return music and recitations were listened to. At 5 o'clock the young people departed for their homes. The thirty guests heartily thanked Mr. Beaver for the pleasure he had given them.

BIRTHDAY ANNIVERSARY.

Mr. and Mrs. John Caston, of No. 11 Randolph street, very pleasantly entertained about sixty of their friends last Saturday evening, in honor of Mr. Caston's twenty-fifth birthday anniversary. Music and dancing were features of the evening. At 12 o'clock lunch was served, after which the guests departed, wishing Mr. Caston many more happy anniversaries.

A SHOPMAN SURPRISED.

One of the notable social events of last week was the surprise party gotten up in honor of John R. Kretsinger, foreman of the Pittsburg planing mills, which occurred last Saturday evening. On that day Mr. Kretsinger was thirty-six years old and the surprise was in commemoration of the anniversary. Forty-two friends and neighbors participated in the festivities and never did they have a more enjoyable time. The White family was present and furnished music and a delicious supper was served at 10 o'clock. The guests presented Mr. Kretsinger with a handsome easy chair.

A SILVER WEDDING.

Last Saturday evening Mr. and Mrs. William W. Birely, of 143 Wallace street, celebrated in an appropriate manner the twenty-fifth anniversary of their wedding. There were about forty guests, among them being Mr. and Mrs. Oliver Birely, of Piqua, Ohio, and Mrs. Jennie Frech, of Aboite. The other guests were friends and relatives who reside in the city. The couple received numerous presents, all handsome and appropriate. Supper was served during the evening.

BLOCKED BY HOUSE.

Refuses to Concur in Senate Cuban Resolution.

Independent Clause Defeated by Vote of 179 to 156.

Fourteen Republicans Break Away From Party Lines.

Foraker-Turpie Amendment Was Stricken Out—Bailey and Reed Have Another Hot Tilt.

WASHINGTON, April 18.—The house of representatives refused today to concur in the resolutions adopted by the senate Saturday night recognizing the independence of the Cuban republic.

The amendment offered by Mr. Dingley, of Maine, striking out the Foraker-Turpie clause of recognition, was adopted in the house by a vote of 179 to 156.

The democrats and populists were united for concurrence, and fourteen republicans broke through party lines and voted with the supporters of the senate resolutions.

The measure will now have to go to the senate for concurrence in the house amendment.

It is likely that a conference will be necessary before any agreement is possible between the two branches of congress.

DETAILS OF THE ACTION.

The Result Was in Doubt Until the Vote Had Been Taken.

WASHINGTON, April 18.—Between the time the house of representatives adjourned at 10 o'clock this morning and the time of its reconvening at noon, the scene on the floor resembled a political convention more than the house of representatives. Members were scurrying about, caucussing in groups and discussing the situation. The uncertainty of the issue was admitted on all hands, although the advantage possessed by the republican leaders to present a motion to concur with an amendment to strike out the provision for the recognition of the existing government in Cuba was conceded. This strategic advantage in compelling the first vote to be taken upon their own proposition measurably strengthened their position.

The populists had an informal conference during the interim in the house and decided to stand to a man for the senate resolution as it passed the senate.

The republicans of several state delegations, among others those of the Pennsylvania and Illinois delegations, caucussed. In both these delegations the sentiment for concurrence in the senate amendments was strong. W. A. Stone, of Pennsylvania, joined Messrs. Robbins and Acheson, and the last named, it is said, won over Mr. Young, of Philadelphia.

In the Illinois delegation Messrs. Lorimer and Mann were the leaders. Several senators were on the floor, among them Senator Burrows, of Michigan, appealing to their colleagues of the house to stand by the president.

HANNA AND GROSVENOR.

Shortly before 12 o'clock Senator Hanna appeared and had a consultation with General Grosvenor, of Ohio. The latter informed the Ohio senator that he considered the action of the house very doubtful.

As the hands of the clock pointed at noon the speaker ascended the rostrum, and with one resounding whack of his gavel silenced the confusion on the floor and the house conversation in the crowded galleries. It was an impressive scene as the members listened with bowed heads to the solemn invocation of the blind chaplain.

No sooner had the chaplain ceased, however, before the confusion was redoubled as the members labored during the last few precious moments.

The reading of the journal had not been concluded before the clerk of the senate announced the passage of the house Cuban resolutions with senate amendments. Instantly the galleries were all attention and members leaned forward in their seats. The leaders watched each other with intent, alert features. The first move was important.

As the resolutions were read the declaration with regard to the recognition of the independence of Cuba were vociferiously cheered by the democrats. This demonstration was repeated when the reading was concluded. Both Mr. Dingley, the floor leader of the majority, and Mr. Bailey, the democratic leader, were on their feet.

MR. DINGLEY'S AMENDMENT.

Mr. Dingley was recognized by the speaker and immediately moved concurrence in the senate amendment with an amendment striking out the clause in the resolution which recognized the independence of the existing republic. The actual form of the motion, which was reduced to writing, was as follows:

"I move to concur in the senate amendment to the house 'joint resolution with an amendment striking out in the first paragraph the words, 'are and' and also the words 'and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island' so that the first paragraph of the senate amendment will read as follows: 'First, that the people of the island of Cuba of right ought to be free and independent.'"

Upon his motion Mr. Dingley demanded the previous question, which served to cut off amendment and debate.

Mr. Bailey, who was still upon his feet, asked if the motion to concur with an amendment precluded a motion to concur, and was informed by the speaker that it would not if the motion was voted down. It was a moment of intense excitement.

Mr. Johnson, republican, of Indiana, and Mr. Bromwell, republican, of Ohio, were on their feet, both demanding recognition to state parliamentary inquiries. The former wanted to ask unanimous consent to address the house in antagonism to the motion, but he was howled down.

When Mr. Bromwell a moment later declared that he was sent to offer a motion to concur, the democratic side sent up cheer upon cheer.

REPUBLICANS SILENT.

The republican side was ominously silent. The speaker sternly commanded order and then informed Mr. Bromwell that his motion could not be entertained until that of Mr. Dingley had been disposed of.

Mr. Bailey, under cover of making a preliminary inquiry, brought out clearly the fact that unless the motion of Mr. Dingley was voted down, the house could not vote on the motion to concur, of which Mr. Bromwell had given notice.

Mr. Sulzer, democrat, of New York, attempted to interpose with the point of order that Mr. Bromwell's motion took precedence over that of Mr. Dingley.

He had a copy of the rules in his hand and was prepared to argue the question, but the speaker unceremoniously declined to hear him. No division was made on the motion for the previous question but upon the main question a chorus of demands from both sides went up for the ayes and noes. The roll call was watched with intense interest. The democrats started in to applaud every republican who voted "No," but the promised defection of over twenty-five members on the republican side did not materialize. The democrats only had fourteen opportunities to applaud. It was apparent before the end of the first roll call that they were defeated.

DEMOCRATS DISAPPOINTED.

Their disappointment was manifest on their faces while the countenances of the republicans were correspondingly joyful over the victory.

When Mr. Boutelle, of Maine, ascertained that the motion had carried by a safe majority, he withdrew his vote and was recorded present.

The announcement of the vote, 179-156, and the decisive victory, was loudly applauded by the republicans.

Fourteen republicans voted with the democrats and populists as follows:

Bromwell, Brown, Colson, Cooper (Wis.), Dorr, Johnson (Ind.), Johnson (N. D.), Lorimer, Loud, Mahan, Mann, Sulloway, Warner and White (Ill.)

One populist, Seward (Ala.), voted aye with the republicans.

There was a hot tilt between the speaker and Mr. Bailey after the vote, ending in the latter denouncing a statement of the speaker as "absolutely false."

AN INCIDENT SETTLED.

Mr. Sherman, republican, New York, who had been selected as a referee in the controversy between Messrs. Bartlett, democrat, of Georgia, and Brum, republican, of Pennsylvania, over the sensational personal encounter of last Wednesday, then read a statement to which both had subscribed.

The apology to the house was made through Mr. Sherman who stated the matter had been adjusted satisfactorily to both gentleman and that both had apologized. This honorable settlement of the difficulty which had been the subject of comment among the members for several days was received with general expressions of approval. The house then quieted down and proceeded under the call of committees to the consideration of minor matters.

TIME TO MANOUVRE

Parliamentary Situation Compels the House to Adjourn Until Noon.

WASHINGTON, April 18.—Immediately upon the house convening at 10 o'clock this morning in accordance with the recess taken Saturday morning, Mr. Dingley, the republican floor leader, moved an adjournment, which motion was carried. The regular session, therefore, began at noon. The house adjourned for the reason that no message could be received from the senate until that body was in session. The feeling was intense among some of the republicans, and there was every indication of a bitter and determined contest. The republicans who desired to concur claimed that they had enough votes to carry the motion, and the republican leaders were equally confident of non concurring.

After adjournment the republican leaders who had mapped out the program of rejecting the clause of the senate resolutions providing for the recognition of the independence of the present republic continued laboring with those of their colleagues who still obstinately refused to acquiesce in it. The opposition on the republican side, though small, was resolute. The juncture of this band of "insurgents" as they were called with the democrats for the acceptance of the senate resolutions might defeat the program. The republican leaders, however, confidently claimed that the the defection would not be strong enough to succeed until both sides realized that the result was in doubt and the two hours' breathing spell obtained by the fortunate parliamentary situation which compelled an adjournment till the senate met were utilized in hard work on both sides.

The speaker summoned his lieutenants to his room in the lobby in the rear of the hall and the situation was earnestly discussed. Every republican who was likely to break over the traces was surrounded by a crowd of his colleagues and besieged with arguments and reasons why he could not be justified in joining the opposition at this critical juncture. But, headed by Messrs. Lorimer and Mann, of Illinois, and Bromwell, of Ohio, most of them refused to be persuaded. The democrats and populists were a unit for the adoption of the senate resolutions and Mr. Bailey, the democratic leader, held several consultations with the "insurgent" chiefs. Everything at 10:30 o'clock portended an exciting session.

CONTRACTS LET.

The Pennsylvania Will Move the Fort Sheridan Garrison.

The Chicago and Northwestern Will Move the Fort Brady and the Wabash the Fort Wayne Troops.

CHICAGO, April 18.—On the face of the bidding the Pennsylvania railroad was awarded the contract for moving the garrison from Fort Sheridan, the cavalry and artillery to Chickamagua and the infantry to Tampa. The same line is on the face of the bids, the lowest bidder for the transportation of the Seventeenth regiment from Columbus barracks. The Chicago and Northwestern railway is the lowest for the four companies of the Nineteenth at Fort Brady, at Sault Ste Marie, to Mobile. The contract for the other four companies of the Nineteenth from Fort Wayne lies apparently between the Wabash and the Lake Shore.

THEY WILL GO.

Spaniards Preparing to Leave United States.

Are Acting Under Instructions of Minister Polo—Will Find Refuge in Spanish Ports.

WASHINGTON, April 18.—Acting under instructions from the Spanish minister here, the Spanish consuls in various parts of the country are making arrangements for the departure of the Spanish colonies in their several localities. Arrangements are now concluded for the departure of the Spanish residents of Boston, about thirty in number. Similar arrangements have been made as to the Spanish colony in New York.

While war has not yet occurred, the movement is a precautionary one, as the departure of such large colonies, it is feared, would be attended with difficulty and danger after hostilities had begun. The first actual move of a colony occurred today when the 400 Spanish residents of Tampa, Fla., left on a steamer chartered to carry them to Havana. Most of those from Boston and other points are ablebodied young men, who will be available for military service after their arrival at Havana.

PROVINCETOWN, Mass., April 18.—Captain Webbo, of the barkentine Morales, who reached this port from Ponce, Porto Rico, today, reports that on April 6, the day before he sailed from Ponce, eight Spanish torpedo boats arrived at that port from the Canaries. Two Spanish men of war were there already. A Spanish cruiser also was sighted in Mono passage as the vessel sailed.

TENERIFFE, Canary Islands, April 18.—The Spanish authorities are actively fortifying the islands and preparing for 6,000 reinforcements.

ST. VINCENT, Cape Verde Island, April 18.—Transport arrived with supplies for Spanish fleet.

THE SENATE IS FIRM

Will Not Accept the Amendment of the House.

Senator Davis' Motion to Concur Was Defeated.

Ten Republicans Stand by Their Former Votes.

The House Amendment Voted Down by Forty-six to Thirty-Two—Goes Back to House.

WASHINGTON, April 18.—The senate has determined by a decisive vote not to concur in the house amendment to the senate resolution recognizing the independence of Cuba.

The vote was for concurrence, 32; for non-concurrence, 46.

Ten republican senators stood by their former action in voting for the resolution, which was adopted Saturday night.

As soon as the house had passed the amended resolutions they were hurried to the government printer for engrossment and reached the senate at 2:53 this afternoon.

On receipt of the Cuban resolution from the house Mr. Chandler suggested the absence of a quorum in order to secure a full attendance to consider Cuban resolutions.

Seventy-five senators answered to their names on the roll call. On motion of Mr. Davis the Cuban resolution was laid before the senate.

Mr. Davis addressed the senate detailing the effect of the action of the house.

Mr. Davis said many lives had passed away while congress was debating the question and that the Maine disaster still remained unavenged. He thought there should be no further delay.

Mr. Davis thought the independence of Cuba would quickly follow intervention. In order to secure hasty action Mr. Davis moved concurrence in the house action.

Mr. Stewart opposed concurrence.

Mr. Stewart yielded the floor for a vote on suggestion of Mr. Teller. Yeas and nays ordered.

At 3:10 p. m. the vote was taken on the Davis motion to concur in the house amendment. The motion was defeated and the senate refused to concur.

The vote was 32 yeas to 46 nays. Ten republicans voted no.

The senate voted without division to insist on its amendments.

Mr. Hale urged the importance of having a conference committee.

Mr. Hale said there could be but one aim in the proceeding against conference, and that was to dragoon everybody into supporting the recognition amendment.

Mr. Hale said the sooner the question was settled the better. He thought war inevitable unless Spain backed down, and it was not worth while to encourage antagonism to the house and the president.

Mr. Aldrich followed in the same line with Mr. Hale. He thought some reason should be given for the unusual proceeding.

Mr. Jones, of Arkansas, said the house had asked for no conference. Calls of "Vote." The vote was reconsidered on the motion to return to the house, and amended so as to provide for asking a committee on conference, and a yea and nay vote was ordered.

The motion for conferees was defeated—31 to 43.

The senate then at once sent the resolution back to the house.

WILL BE CONFERENCE.

Senate Resolutions Meet Second Defeat in the House.

WASHINGTON, April 18—3:40 P. M.—The Cuban resolutions came back to the house from the senate. Mr. Dingley moved that the house insist on its amendment and ask for a conference. Upon that he demanded the previous question.

Mr. Broomwell, republican, of Ohio, moved to concur in the senate amendment recognizing Cuban independence, and on this motion the yeas and nays were ordered.

Bromwell's motion was defeated by a vote of 148 to 173.

Dingley then moved that the house insist on its amendment and ask for a conference. This motion was carried without division.

The conferrees on house side probably will be Dingley, Adams and Dinsmore.

SENATE VOTES.

Recognizes the Independence of Cuba by 67 to 21.

WASHINGTON, D. C., April 18.—After four days of debate the senate Saturday night passed the Davis resolutions, amended so as to include the recognition of the republic of Cuba, by a vote of 67 to 21. The resolutions as adopted follow:

"Joint resolution for the recognition of the independence of the people and republic of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

"Whereas, The abhorrent conditions which have existed for more than three years in the island of Cuba, so near our own borders, have shocked the moral sense of the people of the United States, have been a disgrace to Christian civilization, culminating, as they have, in the destruction of a United States battleship, with 266 of its officers and crew while on a friendly visit in the harbor of Havana, and cannot longer be endured, as has been set forth by the president of the United States in his message to congress of April 11, 1898, upon which the action of congress was invited, therefore,

Resolved, By the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent, and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States, and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over the said island, except for the pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people."

HOW THE SEVERAL SENATORS VOTED.

Following is the vote by which the resolutions were adopted:

Democrats for recognition—Bacon, Bate, Berry, Chilton, Clay, Cockerell, Daniel, Faulkner, Gorman, Gray, Jones (Ark.), Kenney, Lindsay, McEnery, McLaurin, Mallory, Martin, Mills, Mitchell, Money, Morgan, Murphy, Pasco, Pettus, Rawlins, Roach, Smith, Tillman, Turley, Turpie, Vest—31.

Republicans for Recognition—Baker, Cannon, Carter, Chandler, Clark, Cullom, Davis, Deboe, Foraker, Frye, Gallinger, Gear, Hansbrough, Jones (Nev.), Lodge, Mantle, Mason, Nelson, Penrose, Perkins, Pettigrew, Proctor, Quay, Shoup, Stewart, Teller, Thurston, Warren, Wilson, Wolcott—30.

Populists for Recognition—Allen, Butler, Harris, Heitfeld, Kyle, Turner—6.

Republicans Against Recognition—Aldrich, Allison, Burrows, Elkins, Fairbanks, Hale Hanna, Hawley, Hoar, McBride, McMillan, Morrill, Platt (Conn.), Platt (N. Y.), Pritchard, Sewell, Spooner, Wellington, Wetmore—19.

Democrats Against Recognition—Caffery, White—2.

Sheriff Melching Returns With Leslie McFerran.

Deputy Gladieux Has Another Young Man on the Same Charge in Iowa—Wallace Skipped Out.

Sheriff Melching Sunday afternoon returned from Walnut, Bureau county, Ill., where he arrested Leslie McFerran on paternity charges preferred by Ethel Gaskill. The young people are members of prominent Allen county families.

Deputy Sheriff Gladieux is in Washington county, Iowa, where he went to arrest a prominent Cedar Creek township young man on the same charge, preferred by a young lady. Both belong to prominent families.

Last week Sheriff Melching made William Wallace a trusty. Friday afternoon Wallace left the jail and Deputies Gladieux and Witte started after him. They traced him through Woodburn to Antwerp, Ohio, and then to Scio, DeKalb county, where he was with his wife at the home of a brother-in-law. Wallace is again in jail with seventy-seven more days to serve. He will be put to cracking stone.

Ellsworth S. Pettit, through his attorneys, Ninde & Sons, has commenced suit for $10,000 damages against the Grand Rapids and Indiana railway.

The last will and testament of the late Franz Paulman has been filed for probate. He bequeaths all his personal property and real estate to his wife during her life and $300 to his adopted son, Edward Paulman. At the death of the wife the property is to go to the son in law, Frederick Koop, in trust for eight grandchildren. The estate is then to be divided into nine shares, one for each of the children, except Hannah, who is to receive two shares. Frederick Borcherding is named as executor.

BURNS PROVE FATAL

Mrs. James F. Sallot Died Sunday Evening

From the Effects of Burns Received Last Week.

She Was Almost Eighty-six Years of Age

Mrs. John Holstein, Another Aged Lady, Called to Her Last Long Home—Other Deaths and Funerals.

Sunday evening, at 9:20, occurred the death of Mrs. James F. Sallot, the aged lady who was so seriously burned last week. Mrs. Sallot bore her affliction with Christian resignation and, although she suffered intense pain, never did she once complain. Sunday morning, about 11 o'clock, she dropped into a peaceful sleep and never again awakened. The husband and daughter watched at the bedside and at 9:20 the last spark of life was wafted out.

Mrs. Sallot was born Josephine Claude Julliard in France on June 24, 1812. She was married to James F. Sallot November 23, 1834. Mr. and Mrs. Sallot left France March 1, 1846, and arrived in Fort Wayne June 21 of the same year. They located in Allen county near Arcola, and there resided about six years, when they moved into Fort Wayne, and for more than fifty four years lived here. Two children were born to them—Victor M., who lives on Summit street, and Mrs. M. L. Albert, whose home is at No. 161 East Lewis street. There are nine grandchildren, Josephine Albert being one of them.

James Sallot, husband of the deceased, still lives at the advanced age of eighty-eight years, and is in good health. Mrs. Sallot was, too, at the time of the accident which caused her death, in almost perfect health, and indications were for many more years of life. Only a few days before she had visited the home of Claude F. Eme at the time of the death of his mother, who was a lifelong friend. For almost sixty-four years had Mr. and Mrs. Sallot traveled together down the path of life, and to the husband the loss of the partner of his life's joys and woes is a sad blow.

The funeral will be held Wednesday morning at 9 o'clock from the residence, No. 164 East Lewis street, and half an hour later from the Cathedral.

HOLSTEIN.

Mrs. Elizabeth Holstein, wife of John Holstein, died Sunday afternoon at 2:30 o'clock after a lingering illness of more than three years. Mrs. Holstein was aged seventy seven years, two months and ten days and had been twice married, her first husband, John Butler, having died in 1865. In 1881 Mrs. Butler married Mr. Holstein. Three years ago Mrs. Holstein suffered an attack of paralysis and she has ever since been helpless. She was ailing also with dropsy and the lady's constitution at such an advanced age could not withstand the ravages of both diseases. For more than fifty-nine years Mrs. Holstein lived on the farm in Washington township. The following children survive: Louis and George Butler, Mrs. Mary Snyder, Mrs. Sarah Butler and Miss Julia Butler. The funeral will occur Tuesday at 1 p.m. from the residence and later from the Reformed church on the Goshen road, Rev. Bosch officiating at the services. Interment at Hatfield's cemetery.

MEYER.

Arthur, the two-months-and-fourteen days-old child of Mr. and Mrs. Henry Meyer, of No. 138 Harrison street, died this morning of bronchitis.

MOORE.

William F. Moore, aged twenty years, an inmate of the feeble minded institute, died Sunday of heart failure. His remains were taken to Knightsville, Ind., for interment.

SUBKOWSKI.

Mrs. Henrietta Subkowski died yesterday afternoon, at 3:15, at the home of the family, at 356 Force street, after a short illness, of rheumatism of the heart. She was the wife of Henry Subkowski and was thirty five years old. Her husband is employed at the Bass works. The funeral will take place Tuesday afternoon, at 2 o'clock, from the residence, and half an hour later from Zion's Lutheran church.

FOSTER.

Louis Foster, a prominent business man of Pierceton, Ind., was buried at that city yesterday by the Masonic fraternity. Mrs. C. A. Triskett, of East Wayne street, and John R. and C. L. Kretsinger, of the Pittsburg shops, niece and nephews respectively of the deceased, attended the funeral. Bert Foster, of Washington, D. C., formerly of THE SENTINEL composing room, was a son of the late Mr. Foster. The deceased was well known in this city.

ARTHUR BERESFORD

The Eminent Basso, Will Sing at the Temple.

Lovers of good singing will be pleased to hear that Arthur Beresford, the eminent basso, who sang at the Temple theatre with the Clementine De Vere concert company, will give a recital at the Temple tomorrow evening.

Mr. Beresford comes this time under the auspices of the Morning Musical society, but the concert is also open to the public.

ELOQUENT TALMAGE.

The Great Divine Lectured and Preached Here.

Golden Truths Fall From the Lips of the Noted Preacher—Ready to Do His Share in War.

Rev. T. DeWitt Talmage, the great American preacher was in the city Saturday evening and Sunday and during his short stay delivered a lecture and one sermon. An immense audience greeted the great divine at the Princess rink Saturday evening. Rev. Talmage was at his best and carried the people along with him in his elegant words. Just before closing, Mr. Talmage, who is a great lover of his flag but opposed to war, could not desist from mentioning in a roundabout way the threatened war with Spain. He strayed away from his subject long enough to remark that "Turkey and Spain should be swept off the face of the earth."

Sunday evening Rev. Talmage preached at the First Presbyterian church at the request of Dr. Moffat. The edifice was crowded, every seat in the galleries and auditorium being occupied and chairs in the aisles being a necessity. The reverened gentleman selected as his subject the twenty-fourth verse of the thirtieth chapter of 1 Samuel: "For who will harken unto you in this matter? but as his part is that goeth down to the battle, so shall his part be that tarrieth by the stuff; they shall part alike." For almost two hours the Rev. Talmage held the strictest attention of his large audience, many of whom had never before heard the golden truths as they fell from the lips of the great divine.

WILL GO TO WAR.

Rev. Talmage has caught the infection of the hour. In a conversation had in this city yesterday the noted preacher announced his intention of going to the front in the capacity of chaplain. Mr. Talmage has long been fired with martial ardor. Ever since the tragic blowing up of the Maine in Havana harbor he has longed for the opportunity of putting into play a little of his muscular Christianity against the Spaniards.

But the time was not ripe for action. Now, however, Dr. Talmage feels that war is unavoidable, and looks upon it as his urgent duty to go to the front, if not to shoulder a musket at least to inspire those who do by his words and example.

His son, Rev. Frank DeWitt Talmage, of Chicago, is chaplain of the Second regiment of the Illinois national guard, and will without doubt soon be ordered south. Therefore the American public will soon see the inspiring spectacle of father and son, both ministers of the gospel, giving up important charges on account of patriotism and love of country.

Dr. Talmage before leaving Washington called at the war department and applied for the position of army chaplain. He laid his request before Secretary Alger, and it is thought his request will surely be granted.

FIRED ON COVEY.

A Country Lad Shoots Dr. Schilling's Carrier Pigeons.

Fired Into the Covey and Killed One, Wounding Three Others—Spoiled a Trial Fly.

Dr. Carl Schilling sent his covey of eighty nine pigeons to Keystone this morning, and they were to have another trial. At 8:30 the express agent at Keystone released the pigeons and they soared into the air. As the birds went up they were sighted by a country lad, who went for his gun and fired into the covey, bringing four of them to the ground. One was dead and the others wounded. The balance of the pigeons were badly scared and soared about until 9:10, forty minutes, before they started on their way back to Fort Wayne.

The wind was against the birds and the first one reached Fort Wayne at 12 o'clock. At 2 o'clock this afternoon only ten of the eighty-nine birds had reached the home of Dr. Schilling. The doctor will prosecute the fellow who shot into the flock if there is a law on the statute books which will permit him to do so. Tomorrow there will be a trial of all the birds of the Homing club.

WANTS A BIG LOAN.

Spain Again Negotiating With London Capitalists.

Fails in an Effort to Borrow $20,000,000.

The Almaden Mine Was Tendered as Security.

Carlists in England Are Becoming Active—Disturbances Continue in Cities of Spain.

LONDON, April 18.—It is reported in the city that the government of Spain has been in communication with leading financial houses here, including the Rothschilds, in an effort to raise a loan of 4,000,000 pounds ($20,000,000) on the security of the Almaden mine. The Rothschilds decline to confirm or deny the rumor.

CARLISTS ACTIVE.

Supporters of the Pretender in England are Preparing for Emergency.

LONDON, April 18.—The supporters in England of Don Carlos, the Spanish pretender, headed by the earl of Ashburnham, are preparing for emergency. Every detail has been arranged to seize the propitious moment for action. The local Carlists are convinced that the Spanish dynasty is doomed and that Spain will be forced to choose between republicanism and Don Carlos. They add that the only chance of the present dynasty is a successful war against the United States, the possibility of which is scouted.

WAR IS CERTAIN.

Such is the Opinion of General Azcarraga, Former Spanish Minister of War.

LONDON, April 18.—A dispatch from Madrid says that General Marcelo de Azcarraga, the former minister of war and prime minister, has arrived at the Spanish capital to attend the meeting of the cortes. He is quoted as declaring that war is inevitable.

The dispatch adds that many Swedish, Brazilian and other foreign officers are offering their services to Spain.

The next meeting of the Spanish cabinet, the dispatch further says, will discuss the question of privateering.

Leaflets, inciting a popular demonstration, have been seized at Madrid.

RIOTOUS IN BARCELONA.

News of the Senate's Action Caused a Disturbance.

BARCELONA, April 18.—Although Sunday morning passed quietly here, there was a demonstration last evening, when the crowds which gathered in front of the newspaper offices read the latest announcements of the action in the United States senate in regard to Cuba. After it became known that the senate had adopted a resolution favoring recognition of the present Cuban insurgent government, there was a scene of the greatest excitement and patriotic shouts were raised on all sides. When the students heard the news, on leaving the theatres, they paraded the streets, cheering for Spain, and made an attempt to reach the United States consulate. The authorities, however, had taken precautions and the students and others who took part in the disturbance were dispersed.

TAYLOR UNIVERSITY

Sam Small Becomes Interested in the School.

Will Devote the Proceeds of His Lectures Towards Its Support and Will Seek Endowments and Donations.

ANDERSON, Ind., April 18.—Rev. Sam Small yesterday began the task of erecting a monument for himself in the shape of a college. Some time ago the trustees of Taylor university, a small denominational school located at Upland, Ind., approached the evangelist and told him the institution was sadly in need of funds. Mr. Small not only agreed to give support, but he has taken upon his shoulders the work of building it up and making it one of the leading educational institutions in the west. Hereafter the profits of his lectures will be forwarded to the little institution; he will labor for donations and endowments and endeavor to enlarge it. He is confident of his success and expects to see his university one of the leading schools of the country in ten or twelve years. He received a good start in this city yesterday. He will try to enlist Rev. Sam Jones in the work and show what two plain spoken men can can do.

Last evening at her home, 35 Orchard avenue, Miss Mary Starkey was surprised by about thirty-six of her young friends, the occasion being in celebration of her birthday anniversary. The evening was passed in progressive pedro, L. Keller and Freda Wiegman winning the first prize, the booby falling to L. Hahn and Anna Wefel. At a late hour a delicious luncheon and refreshments were served.

The A. O. H. met Sunday and completed arrangements for the A. O. H. state convention, which convenes tomorrow. Headquarters will be at the Randall hotel.

GREAT BRITAIN appears to want to take a hand on the right side of this fight

WITH war inevitable, as every one believes, action, not oratory, is the thing highest in order

AFTER appealing to every court in Europe for help, Spain has received the comforting assurance of the powers that while they cannot prevent her getting a thrashing, they will see to it that she is not drubbed any after she is down.

LET us not get worked up to a pitch too high over the attack of a Spanish mob on the American consulate at Malaga. It has been but a few days since American mobs were burning the president of the United States in effigy.

GENERAL LEW WALLACE has decided he can serve his country better in the field then in the senate. He has just notified his friends that he is out of the senatorial race in Indiana and has placed himself at the disposal of the government It is not unlikely that General Wallace will get a high commission in the Indiana troops if war comes

SAID Saturday's bulletin from Madrid - "Complete tranquility prevails in Cuba." A few weeks more of Spanish rule and there will not be enough of the inhabitants left to disturb the peace and come within the scope of the riot act. It may be observed, though, that at this writing there is a more pronounced shade of tranquility in Cuba than there will be a week or ten days hence.

THERE was no reason why the senate should have spent three or four days in debating the Cuban question As it turned out, a vote might just as well have been had the middle of last week. The adoption by an overwhelming majority of the resolutions recognizing the independence of the Cuban republic discloses that there has not been a time since the present crisis became acute when the senate would have taken ground different from that on which it has stood for upwards of a year. Deliberation and debate are well enough if any good purpose is served, but in the present case that was not the fact. However, a score or more of senators have made speeches to be reprinted from the Congressional Record for home consumption.

LEHMAN'S,

34 and 36 Calhoun St.

PRESIDENT ELIOT, of Harvard, in a recent address before the Dorchester Woman's club lamented the tendency of American families, and especially those of New England, to scatter all over the world He said that it was normal for generation after generation to reside together, and that it was to hoped that this condition would again prevail in the near future

IF there is war it is Spain's own choice She will be notified to vacate her possessions in the western hemisphere, and if she does not choose to do it quietly and without kicking up a brawl with America the consequences will be her own to pay for The people of the United States do not want war for the sake of war, and would be pleased to avert hostilities. But there but one condition upon which peace may be maintained. Cuba must be free.

THE United States has fought five wars in the 122 years since the Declaration of Independence In each one we have triumphed. In that period England has fought six wars —not including conflicts with savages in India and in Africa. And she has lost two—both to America. France has engaged in six, and has lost two—one with the allied powers and one with Germany. Prussia in the same period has lost two out of five wars. Austria has lost two and has gained two. Spain has lost every war she has undertaken in that period—unless her ten years' guerrilla warfare with Cuba may be called victorious.

The Vote in the Senate.

It has been charged, since the house of representatives passed the Cuban resolutions, that the matter was being held up in the senate by the influence of William J. Bryan, who it was set forth, had solicited democrats and populists to make a party issue of the grave measure. An examination of the vote by which the resolutions recognizing the Cuban republic passed the senate Saturday night only is needed to disprove the silly canard.

For recognition there were cast a total of sixty-seven votes. Against recognition there were twenty-one votes. Of the votes for recognition thirty-one were cast by democrats, thirty by republicans and six by populists. Of those against recognition nineteen were cast by republicans and two by democrats.

There was a total of forty-nine republican votes cast and a further analysis of their distribution is interesting.

Of the Ohio senators, Foraker voted for recogdition and Hanna against. Frye, of Maine, voted forand his colleague, Hale, against. Lodge, of Massachusetts, supported the independence resolutions, and Hoar, his colleague, opposed them. Gear, of Iowa, voted aye, and Allison, also of the Hawkeye state, voted no.

The vote of but one state represented by democrats was divided. Caffery, of Mississippi, voting against the resolution. Money, his colleague, of course, voted yes.

There was no politics in the action of the senate and the charges, made up to the time of voting, that there was, fall ridiculously flat. The deliberations of the senate were marked by a singular and happy freedom from attempt to reap partisan advantage. The division represents an honest and conscientious difference of opinions. The senate was controlled by patriotism and not politics.

A LARGE CLASS

Sunday Took First Communion at St. Mary's Church.

At St. Mary's Catholic church Sunday a large class of young people took their first communion. Bishop Rademacher celebrated pontifical high mass at 9 o'clock, at which service the sacrament was administered. Father Oechtering preached the sermon. There was solemn pontifical vespers in the afternoon and Bishop Rademacher preached a sermon. The following class took first communion.

CONTRABAND OF WAR

Great Britain's Declaration Regarding Coal.

It is Line With the Wishes of the President and the Navy Department--Will Cripple Spain.

NEW YORK, April 18—In directing her colonies to regard coal as contraband of war in the event of hostilities between the United States and Spain, Great Britain has taken action in line with the wishes of the president and naval authorities, says the Washington correspondent of the Herald. Pressure will be exerted upon France, Hayti and San Domingo to accomplish the same result, and some attention is being given by the state department to South American countries with a view to securing from them a declaration of contraband character of coal, as well as an announced determination on their part not to sell either to Spanish or American men-of-war a supply of fuel greater than that necessary to enable the belligerent vessel to steam to the next home port.

So far as the Danish West Indies are concerned, the authorities have purchased in their ports all the coal that it is possible to secure. With coal a declared contraband of war administration officials and naval experts say it will be impossible for Spanish vessels to operate in the West Indies or in the Pacific, and as a result, the chances of success for American arms will be immeasurably enhanced.

Great Britain's declaration of the contraband character of coal will affect the United States at only one point—in the far east. The United States now has at Hong Kong a fleet of six vessels, the cruisers Baltimore, Olympia, Raleigh and Boston, and gunboats Concord and Petrel, and these ships are awaiting the word to rush to Manilla.

If the fortifications of the Philippines should stand off the American fleet for any length of time the operations of the vessels would be greatly embarrassed, for, by England's declaration, her colonists will be only allowed to sell to either belligerent supply sufficient to to take him to his home port.

Appreciating the position assumed by the British government, Commander Dewey acting under instructions from Secretary Long, has purchased a large quantity of coal, and has stored it on board two coalers which will accompany his fleet to the Philippines

Extended operations will necessitate a renewal of the supply and the central position of Hawaii is pointed to by naval experts who want it for a naval base.

Hawaii is 4,000 from the Philippines. Her position in the family of nations would compel her to observe strict neutrality and not to favor one belligerent more than another, but her annexation to the United States, it is pointed out, would result in placing supplies for the Asiatic squadron 2,000 miles nearer to the vessels than would be the case if coal, munitions of war, etc., had to be shipped from the United States.

It also pointed out that Hawaii will find it necessary to sell coal to a Spanish vessel coming in at Honolulu sufficient to take it a portion of the way to its next home port, just as she would sell coal to an American ship.

In the event that coal is declared a contraband of war by France, Hayti and San Domingo, naval authorities say, it will be impossible for Spanish vessels to secure fuel in the West Indies.

WEYLER HUNG IN EFFIGY.

Brooklynites Manifest Their Dislike of the Spanish General.

NEW YORK, April 18.—An effigy of General Weyler hung from a telephone pole at Seventh avenue and Seventh street, Brooklyn, all day Sunday. The figure was put up before daylight Sunday morning and was still hanging late last night. The effigy was dressed in a regulation military coat, with military trousers tucked into a pair of field boots. On the head was a campaign hat and the features were a true reproduction of those of General Weyler. The figure was suspended fifty feet from the ground, and on the breast in large black letters were the words: "Weyler, the butcher."

Crowds stood about the effigy all day long. At one time during the afternoon the crowd became so great that the trolley cars of the Seventh avenue line were blocked until a reserve squad of policemen were called to disperse it.

CUT NAILMAKERS' WAGES.

Men at Anderson, Ind., Receive Notice of a Heavy Reduction.

ANDERSON, Ind., April 18.—The new wire nail trust has posted notices of a reduction in wages ranging from nine per cent to thirty three per cent, and including almost all of the 800 workmen in the Anderson plant.

The workmen were holding meetings yesterday and preparing for action. The trust now controls fourteen of the largest plants and employs over 10,000 men It is understood reductions of a similar nature are to be made in all plants, so as to make a uniform scale with the lowest paid

Anderson men yesterday began work organizing these 10,000 men, located at various points, for the purpose of resisting the movement on the part of the company The situation is serious.

"MOSQUITO FLEET."

Auxiliary Warships Leave New York Bay Headed Southward

NEW YORK, April 18—Two vessels of the "Mosquito fleet" were in the lower bay this morning The Eagle, formerly the yacht Almy, which had gone down from the navy yard yesterday, will sail during the day. The steamer Hawk, formerly the yacht Hermione, at 9:07 a. m., passed out the hook to sea. The steamer Hornet, formerly the yacht Ailsa, left the navy yard this morning and passed quarantine at 9:23 a. m. bound out.

The Eagle passed Sandy Hook at 9:45 a. m., and the Hornet fifteen minutes later. Outside they joined the Hawk and all three proceeded under full steam to the southward.

FIGHTING IN CUBA.

Insurgents Capture a Spanish Fort in Pinar Del Rio.

Cubans Had the Best of the Battle--News From Havana Reports All Quiet There.

HAVANA, April 18—9 A. M.—News of further fighting between the insurgents and Spanish troops in the province of Pinar Del Rio reached here today. It appears that a force of insurgents, under Lores Auguilar Rizo, made an attack, two days ago, upon the Spanish fort at Espujarosa. Pinar Del Rio, and had the best of the fighting, even according to the Spanish account of the affair.

The official report of the fight says the fort was a small one, garrisoned by volunteers, who made a "heroic defence, lasting three hours." In the meantime, however, it is officially admitted, the insurgents entered the town and plundered and burned a tobacco ware house The Spanish reports add that the garrison of the fort lost four men killed and had nine men wounded.

QUIET IN HAVANA.

HAVANA, April 18—9 A. M.—The inhabitants of this city are enjoying a bright summer morning. All is quiet here. The park last night was crowded with pedestrians who enjoyed the music of the military band. An important piece of work was successfully completed this morning, that of carrying the vento water to Casa Blanca opposite Havana bay, and to the Cabanas fortress.

News has been received from the town of Alfonso XII, province of Havana, that a dynamite bomb was exploded near the church there at 8 o'clock on Saturday night, killing two people and wounding one man.

It is alleged that the Spanish and foreign merchants here are claiming that the Plant steamship line should be fined "for not complying with the postal treaty."

PRAY FOR MR. GLADSTONE.

Request Publicly Made at Hawarden by the Statesman's Son.

HAWARDEN, April 17.—Mr. Gladstone passed a less comfortable day. His doctors say there has been very little change in his condition during the last week. Mrs Gladstone and the other members of the family attended service in the Hawarden church yesterday morning, the Rev. Stephen Gladstone officiating.

As indicating the gravity of Mr. Gladstone's condition, it is noted that the officiating clergyman requested the prayers of the church for his father. He also requested the prayers of his congregation that "peace might be maintained between two great Christian countries, the United States and Spain."

HOLDING A GHOST DANCE.

Cheyenne Indians, Incited by Medicine Men, Likely to Cause Trouble.

GUTHRIE, Okla., April 18.—Nearly 1,000 Cheyenne Indians are gathered on the banks of the North Canadian, many miles from the agency, holding a ghost dance.

It is feared by many that the Indians, incited by their medicine men, will take advantage of the absence of troops from neighboring forts to start an uprising to secure more beef rations and in revenge for the enforcement of the territorial anti-polygamy law, which has caused great discontent in the tribe.

ATTACKED BY ITALIANS.

Foreman Blamed for an Accident in Which Two Were Killed.

SCHENECTADY, N. Y., April 18.—Two Italian canal laborers were instantly killed and another seriously injured at Fondas Basin, six miles east of this city, yesterday, by the breaking of a derrick boom while it was in use lifting stone. Some of the Italian workmen made an attack upon the foreman with drawn knives, threatening his life, as they blamed him. The attack was checked, however, before they had done any injury.

ARMAMENT COMPLETE.

Cruiser Charleston is Nearly Ready for Active Service.

MARE ISLAND, Cal., April 18.—The last of the six-inch rapid fire guns have been mounted on the Charleston, completing her armament with the exception of the rapid fire guns which will be placed in the tower.

Every day from twenty to thirty recruits are sworn in on the Independence. There is still a need of able seamen and second grade engineers.

FLY-CASTING RECORDS.

Walter D. Mansfield is Now Indoor and Outdoor World's Champion.

SAN FRANCISCO, April 18.—Walter D. Mansfield has broken two world's records for both outdoor and indoor fly casting. He extended his line a distance of 120 feet, 6 inches. This exceeds by one-half a foot the record made by Leonard in Madison Square garden at the indoor fly-casting tournament held in the early part of the year, and by seven feet Mansfield's own outdoor record.

FOREIGN MEDDLERS.

Chicago Federation of Labor Urges Retaliation Against Them.

CHICAGO, April 18.—The Chicago Federation of Labor has unanimously adopted a resolution that the people of this country should retaliate against any foreign country that might intermeddle in the present crisis by refusing to buy its productions and manufactures.

Commercial Cable to Japan.

NEW YORK, April 18.—The Commercial Cable company gives notice today that the Japanese land wires are now in working order and that messages from Japan are accepted without restriction.

BASE BALL.

Items of Interest to Lovers of the National Game.

Happenings in the Several Cities of the Inter-State Circuit--What the Players Are Doing.

Frank Fitch, Fort Wayne's favorite short stop, arrived in the city Sunday afternoon and now the team is complete. The only player signed and not released who has not reported is Seidensticker and Manager O'Meara has notified him to keep in condition and be in readiness to jump into the game at any time. Seidensticker is a left-hander and is not desirous of reporting now.

The team will this week be put through signal practice There will be slight change from those of last year as all the players are thoroughly familiar with the old signs. The batting order will be changed, Kihm going to the top and Cook dropping down to fourth or fifth. Manager O'Meara believes this will strengthen the batting and running of the team All the men are hitting the ball hard and if "Goat" Fitch gets back his batting eye the team will be the strongest batting aggregation in the Inter-State league.

BEAT THE SHAMROCKS

The Shamrocks took the place of the Indians in the game at Lakeside park yesterday and the professionals won by an overwhelming score. Heller was in the points the first three innings for the Shamrocks and did fairly well, although he was supported poorly by Walter Welch at backstop. Ed. Herr went in for the amateurs the next three innings and his curves were pounded in all directions by his mates on the Fort Wayne team. He was, however, given very poor support. Robbins pitched the last three innings and was hit hard in only one inning. Alloway, Minnehan and Patterson pitched three innings apiece for the league team. Minnehan was somewhat wild, but Alloway and Patterson were quite effective. The latter at one time put six strikes out of seven pitched balls across the plate and there was speed enough on all of them to burn a hole in a war vessel. The score:

Fort Wayne 1 1 1 4 3 6 3 2 4—25
Shamrocks 0 0 0 1 0 1 0 1 0—3

Batteries — Alloway, Minnehan, Patterson and Campbell; Heller, Herr, Robbins, Welch and Eissing. Umpire—Hubbard.

NOTES.

Only one of Grand Rapids pitchers is a right-hander.

The Shamrocks will hold a meeting at Welch's tin shop tonight.

Hickey is quite a batter and will be retained as a general player.

Bay City and Page Fence Giants have each defeated Torreyson's Babies.

Patterson has been appointed captain of the Youngstown team by Manager Geer.

With Kelb and Blue gone Toledo will not be one, two, three in the coming championship race.

Thayer Torreyson is reported to own a block of stock in the Grand Rapids club in addition to being its captain.

Alloway, Patterson, Reiman, Minnehan and Herr make the strongest corps of twirlers in the Inter-State league.

The Eagle Rocks yesterday defeated the Bloomingdale Stars by a score of 38 to 6. The feature of the game was the batting of the Eagle Rocks.

Cooke bats as well as ever. He made three singles and two two-baggers yesterday. All the players have been lining them out in great shape, however.

New Castle now has the biggest team physically it has ever possessed. Some of the Quakers this season are veritable giants, and remarkably active for their size.

In Boston it is reported that Charles Hickman, the ex-New Castle player, will be farmed out to the Norfolk club, of the Atlantic league, or to some eastern league club.

The Dayton team is showing up very strong in practice and is perhaps composed of better material than last year. The team played a tie with Detroit and won twice from Indianapolis.

Milwaukee, Indianapolis and Columbus were defeated by Mansfield, Dayton and Toledo and still there are some people who do not believe the Inter-State plays fast ball. They are few, however.

"Chick" Stahl struck out the first time to bat in the championship season and then followed with two doubles and a single, which sent enough runs across the plate to win the game for Boston.

The Spy Runs were defeated by the Keystones yesterday afternoon. Score: 27 to 7. Batteries—Spy Runs, Green and Hoffer. Hughes and Boseker; Keystones, Foutz, Bates and Fitzpatrick.

Dayton Herald: "Manager Armor has begun his weeding process and Saltmarsh, Lesch and Watts have received their releases. The following is a list of the pitchers remaining: Rosebrough, Brown, Daugherty and Bates.

President Hanlon, of the Baltimore base ball club, has informed the players of his club that $1,000 would be divided among them at the end of the season if they captured the pennant and $1,800 if they finished in second place.

The famous John M. Ward is now a legal adjuster for the Nassau trolley road in Brooklyn, which is owned by Al Johnson and his brother, Congressman Tom. They say that Ward is making more money than he ever made in base ball.

Grand Rapids Press: "The Dayton Journal facetiously remarks that Manager Torreyson ordered short practice so that his men could get used to empty seats. Mr. Bickham's son should show more courtesy to a new comer in the league than to judge it by harsh Dayton standards."

A special from Toledo says: "Manager Strobel said today that he is going to try and capture the Inter-State pennant again this season for the third consecutive time. He predicts much faster ball in the Inter State this year than has ever been played before in any of the minor leagues."

Youngstown Telegram: "There is a strong probability that the local baseball team will be deprived of the services of Pitcher Peter McBride during the first month of the Inter-State league season. The young twirler was to have reported last Wednesday, but his non-appearance occasioned the sending of a telegram as to the cause of a delay. In reply McBride stated that his parents objected seriously to his leaving Manhattan college until he has completed his course, which he will accomplish next month. He states that he is endeavoring to overcome these objections and if possible will get away at once. In case he should remain at school he will report for duty at Youngstown the latter part of May, in shape for the season's campaign.

A telegram announces the death in an institute near Baltimore of "Bobby" Matthews, the great base ball pitcher. Matthews was about forty-five years of age and retired from the professional ball field in 1890, after fully twenty years' service in the profession, during all of which time he held a high reputation as a pitcher. No other ball pitcher ever held himself in the first class for scarcely more than half that length of time. Matthews started in as a professional away back in the '70s with the Kekiongas, of this city, and in subsequent years played with the Lord Baltimores, Bostons, Mutuals of New York, Athletics of Philadelphia and other clubs. He was attacked with paresis about two years ago, and had since been in a Baltimore institution for treatment

FIRST DEFENDERS.

Thirty-Seventh Anniversary Observed by Pennsylvania Veterans.

READING, Pa., April 18.—The five Pennsylvania companies, now famous as the first defenders, because they were the first to respond to President Lincoln's call for troops, observed at Orwigsburg, Pa, today, the thirty-seventh anniversary of their departure for Washington.

The five companies, consisting of the Allen infantry, of Allentown; Logan guards, of Loomistown; Ringgold artillery, of Reading, and the national light infantry, and Washington artillery, of Pottsville, mustered 530 men when they arrived in Washington. At the business meeting today a report was made showing that 123 are still living.

Another dramatic performance by Fort Wayne's prominent society folks will be given at the Temple theater Thursday evening, May 26, when Lord Lytton's charming play, "The Lady of Lyons," will be produced. The players who will participate in the production will be the Misses Emma Rurode, Julia Marie Taylor, Alice Crane, Irene Smith, Mayme Fuller, Messrs. Nathan Smyser, Lee Ninde, Will Peters, Walter Seavey, Parke Frazier, D. C Fitch, W. E. Adams and Jack MacDougal. The event will close with a reception at the Wayne club.

CONQUERS RHEUMATISM.

A New and Powerful Remedy That Cures the Disease.

Has Accomplished Many Wonderful Results in Chronic Cases.

Gloria Tonic, a specific for one disease, has had a remarkably severe test in many cases of rheumatism. So pronounced have been the cures that no doubt exists as to this remedy being nature's antidote for the peculiar malady. A resident of Harvard, Ills, Thomas Callahan, after suffering continuously for four years, was entirely cured and has been instrumental in making the remedy well known in his town, where it has become the standard cure for rheumatism.

Gloria Tonic is not a cure-all, but a specific for rheumatism only, and in many hundreds of cases has never been a failure. No one can afford to doubt the wonderful success of this great remedy.

Testimonials and explanatory circulars will be sent to those who write.

Gloria Tonic accomplishes these great cures by its peculiar action on the blood, driving out all poisonous acids and calculous deposits.

For sale by all Druggists. Price $1.00 per box.

Prepared by John A. Smith, 243 Summerfield Church Building, Milwaukee, Wis.

In localities where Gloria Tonic has never been tried, a free sample package will be mailed prepaid upon application to Mr. Smith.

LAID CORNER STONE.

Exercises at the Church of the Precious Blood.

All the Fort Wayne Catholic Clergy Participate in the Services of the Laying of the Corner Stone.

Sunday afternoon at 4 o'clock the corner stone of the new Catholic church in the Ninth ward, which will be known as the Church of the Precious Blood, was laid with appropriate exercises. Bishop Rademacher officiated and blessed the stone. All the Catholic clergy, except Father Brammer, who was in Chicago, were present and assisted in the exercises. The pastor of the new church is Francis Nigsch, C. PP. S. The following document was placed in the corner stone:

"In the twenty-first year of the pontificate of Leo XIII, while Rt. Rev. Joseph Rademacher is bishop of Fort Wayne, William McKinley president of the U. S. A., James Mount governor of Indiana, and Henry P. Scherer, mayor of the city of Fort Wayne, the Rt Rev. Bishop Rademacher himself blessed and placed the corner stone of this church, dedicated in honor of the Precious Blood of Jesus Christ.

"April 17, 1898, being the 122nd year of the declaration of independence."

Among the relics placed in the corner stone was a copy of THE FORT WAYNE SENTINEL. Work will proceed rapidly on the new church.

Mrs. Wheeler, corner Thomas and Hoagland streets, is visiting in the country, the guest of her parents and friends.

SHOP AND RAIL.

A Nickel Plate Brakeman Hurt at Leipsic.

Accidents, Incidents and Personal Mention as Gathered by Our Reporter at the Depot and Shop.

W. A. McDowell, a brakeman on one of the Nickel Plate's local freight trains, running between this city and Leipsic, Ohio, had a narrow escape from death Saturday evening. His train had just arrived at its destination, Leipsic, and was doing some switching, when the brakeman fell from a car and it passed over him, rolling him over two or three times. Fortunately the wheels did not touch him and he escaped with his life, but sustained a badly sprained ankle and a bruised hip. He may be injured internally also, though it is not believed that he sustained any serious injuries of that character. Mrs. McDowell went down to Leipsic Saturday evening on No. 3, and will remain there with her husband until he can be brought home. Dr. J. M. Dinnen, the company's surgeon, also went to attend the injured man, returning yesterday.

PERSONAL AND OTHERWISE.

The Wabash pay car will arrive in Fort Wayne April 26.

Nearly all the railways of the country will put new time cards into effect May 1.

F. C. Turner, a coppersmith, is not at his usual place in the Pittsburg shops today on account of sickness.

After an illness of three months, Henry Dickmeyer resumed work in the Pittsburg blacksmith shop this morning.

Sherman Cutshall, clerk in the blacksmith department of the Pittsburg shop, is confined to his home by sickness.

Chief Clerk H. G. Granger, of the Wabash master mechanic's office, went to St. Louis last night on railway business.

Cabinetmaker H. C. C. Nees, of the Pittsburg shops, has recovered from a sickness [illegible] kept him at [illegible] weeks.

Passenger Conductor Lee A. Kenaga, of the Pennsylvania, is having some important improvements made to his home at 88 West Williams street, included being a $400 addition.

James Finney, of the Pittsburg machine shop, who had a finger hurt two weeks ago, reported for duty this morning.

C. F. Schaefennecker, of the Pittsburg shops, is sick and off duty. H. D. Phillips, of the same shop, is also on the sick list.

Switchman Harry Fink, of the Pittsburg, has moved his family from Horace street to a cosy cottage at 189 Smith street.

The railway brotherhoods are to have a big union meeting at Kenova on April 21. Arrangements are making for a large crowd.

The Santa Fe has contracts to bring to northern and eastern markets in the next few months 8,000 car loads of live stock.

Ira Hall, yardmaster of the Chicago and Alton at Bloomington, Ill., is spending a few days with relatives and friends in the city.

Ed White, of the Pittsburg shops, is nursing a lame finger and will not be able to work for several days. The digit was injured in the shop Saturday.

J. C. People, of the Pittsburg planing mills, has as his guest his father from Decatur, Ind., and is taking a lay off in order that he can properly entertain the visitor.

Fred Ward and Ed Connet, formerly of Rastetter's Bicycle works, have accepted positions the with Star Plating and Manufacturing company, of South Broadway.

Henry Rathert and Frank Minnich, victims of accidents, were able to resume their work in the Pittsburg boiler shop this morning. The former had been disabled for two weeks.

Alfred W. Rooks, who has been in the railway mail service for fourteen years, died at Detroit on Thursday. He was ex-secretary of the National Association of Railway Postal Clerks.

A Pennsylvania freight crew had an exciting time with a burning car between Valparaiso and Wanatah last Friday afternoon. Sparks from the engine lodged among some ties on a flat car and was soon fanned into a good-sized blaze. The trainmen cut the car out at Wanatah, and a gang of section men extinguished the fire before any serious damage resulted.

Dr. E. F. Wagner, of the Pennsylvania relief department, left for Cleveland today and will not return until Wednesday evening.

On Sunday the first of the class H engines, the largest ever built by the Pennsylvania, will be turned out of the shops at Altoona.

The Chicago and Rock Island has resumed its train service into Atchison, Kan., after a suspension of nearly four years, the improvement in business in Kansas justifying the better service

Brakeman Beckschultz, of the Grand Rapids and Indiana south local, has reported for duty again after an absence, caused by an injury received while lifting freight a few days ago.

Gene Nolan has taken his old place in the store room and office of the paint department of the Pittsburg shops, vice G E. Underhill, who this morning became an apprentice in the engine painting department.

Seventy-two men employed by the Chicago and Eastern Illinois, who reside at Danville, Ill., have placed their names on a roll as volunteers in case of war with Spain. The list comprises trainmen, yardmen and shopmen.

Leon R. Griffin and Mart M. Shelvey, of the Star Plating and Manufacturing company, of South Broadway, were the guests of Bert M. Gorrell and Ned Carey, of the Payne Press-Review, Payne, Ohio, last Friday and Saturday.

A new lodge of the Brotherhood of Railway Trainmen was organized yesterday at Braddock, Pa., starting with over one hundred members. The number of railroad men at Braddock and Bessemer has greatly increased with the opening of the Carnegie lines.

The stars and stripes now float over Moro castle. Not the original at Havana, but a miniature one on the platform east of the electric works. Some of the employes at that establishment built the castle, mounted a cannon and hoisted the flag in celebration in advance of an event which will take place later.

The Nickel Plate has established freight transfers at Knox and Leipsic Junction, where all through eastbound freight will be transferred from foreign cars to the cars of the company. This is done to save car mileage, which otherwise would have to be paid to the owners of the cars in which the freight was originally shipped.

Hundreds of men are employed on the Pittsburg, Fort Wayne and Chicago road reducing the grade between West Rochester and South Brighton. This work was started several years ago, but abandoned during the dull times. This work completed, engines will haul five to eight more cars, and the fast trains will be able to increase their speed.

The March announcement of the assessment of demerit marks under the Brown system of discipline on the Wabash is out, and it shows that on the eastern division a switchman was dismissed for intoxication and a brakeman dropped for the accumulation of the fatal sixty demerit marks. It is stated that the new system of discipline has already perceptibly improved the service.

Last year the Nickel Plate made extensive improvements to its western division in building new bridges, laying heavier steel, etc. Now the company has commenced similar improvements to its lines east of Cleveland. The long wooden bridges at Angola, Silver Creek and Ashtabula have been replaced with new steel structures, and large quantities of new steel and cross-ties are being distributed.

S. R. Calloway is noted among railroad men for his unpretentious habits, as a rule traveling in a coach with the public, but his position is now such that he cannot conveniently do so, and the Wagner Palace Car company has furnished him the elegant private car Grassmere to travel in. It is stated that it took a considerable amount of gentle pressure to induce him to accept the offer of the Wagner people.

Norman Beckley, who entered the service of the Lake Shore road in 1858, states that the stock of the Lake Shore, which is now selling at $200 per share, then sold at $7 per share. There is one thing which seems a little singular—the passenger business of the Lake Shore was then heavier than now. Just as many trains were run then, and there were no empty seats. The business which the Lake Shore then enjoyed is divided now with four competing lines.

Wabash Plain Dealer: "Here is an innovation. Passengers arriving in Chicago after May 1 will have the opportunity of riding to their hotels or transferring across the city in horseless carriages. The electric vehicle is no longer an experiment, and arrangements have been made with the Owen H. Fay company, of Chicago, for this service from the Dearborn Street station. Aside from the pleasing novelty of being whizzed through the streets with no apparent motive power, these electric vehicles will prove valuable as time savers, especially where transfer across the city to other depots for connection is desired. The progressive management of the Wabash certainly deserves great credit for adopting this radical improvement."

A YANKEE TRICK.

United States Cutting Off Spain's Coal Supply.

A Collier With Cargo for Spain to be Purchased—Spain Will be Helpless in Western Water.

NEW YORK, April 18.—A dispatch to the Herald from Washington says

In view of Spain's efforts to collect coal at Havana and San Juan, no doubt exists in political circles that the naval plan for the Spanish government contemplate the dispatch of the fleet to western waters.

It is officially admitted that this government has determined not to permit American coal to be taken to the Cape Verde islands on board the British tramp steamship Hampstead and that negotiations are under way for the sale of that vessel and her cargo to the United States. The Hampstead, although she was to have sailed Saturday has not gone and her purchase will probably be announced.

It is admitted by officials that they are trying to meet trick with trick There is but a small amount of coal at St Vincent and it would be necessary for the Spanish fleet to go to some other point for fuel within a short time, as the supply at Cape Verde cannot last any length of time. It was to help the fleet now gathered at that point that the Hampstead was ordered to proceed to Cape Verde after purchasing a supply at Lambert's Point. The United States is in great need of colliers, especially one already loaded with coal and it would, therefore, be only too glad to take from Spain the vessel and her cargo and use her for offensive purposes against her first employer.

Official information received by the authorities also indicates that there is but a small quantity of coal at the Canary islands. A desperate effort is being made by Spain to ship supplies to that point and also to Cape Verde, which is evidently to be the anchorage of the fleet until war breaks out. It is impossible for Spain to procure coal in England because of the strike now in progress in the coal mines and also because the English coal dealers refuse to receive promises to pay, and will only sell to the Madrid government for cash.

It is known that Spain has been floating considerable paper in continental Europe, but she has been unable to force any bonds on the English merchants. Whether Spain pays cash for goods purchased in the United States is not known, but it is believed that what little money she has she is spending for protection and the coal she is sending to Havana.

WANTS TO FIGHT.

Gen. Lew Wallace Withdraws From the Senatorial Race.

INDIANAPOLIS, Ind., April 18.—Gen. Lew Wallace gave out the following statement yesterday over his own signature.

"In view of the certainty of war with Spain, I today tendered the national government my services in the field. That I have been a candidate for United States senator may subject this action on my part to misconstruction, so I beg to announce my withdrawal from the senatorial race. To the many republicans who have given me their support I offer my hearty thanks and most grateful acknowledgements."

The general has said all along that he was anxious to go to the front in the event of war. His withdrawal from the senatorial race, his friends say, is final. The indications are that Governor Mount will be the senator if the republicans carry the legislature. Unless there is a demand for many volunteers from Indiana the general will not get a commission from Governor Mount, as the officers of the national guard of the state are to be chosen first

MAY GO TO WAR.

Employes Under Treasury Department Will be Reinstated When They Return.

WASHINGTON, April 18.—Secretary Gage has issued a circular in which he states that in case any officer, clerk or employe under the treasury department desires to leave the service temporarily to engage in the military service in the event of war, he may be reinstated at any time within one year. Temporary appointments will be made to fill places so vacated, with the understanding that upon the return of the employe the temporary clerk will be removed so that the former can be reinstated.

There will be a social and entertainment given at St. John's Lutheran church tomorrow evening.

CLOTHES FOR BOYS.

There are many things in our big stock of boys' clothing that will appeal strongly to mothers. The most casual inspection will convince you that such strong made clothing cannot help withstanding all sorts of wear and tear. Prices the lowest.

LABOR FOR WAR.

Peace Resolutions Voted Down in New York.

Bishop Potter and Other Great Men Present a Strong Declaration to the Central Labor Union

NEW YORK, April 18.—Bishop Potter presented a set of resolutions against war at the meeting of the Central Labor Union last night, but they were defeated by a vote of nearly 2 to 1 The resolutions were signed by the bishop Ernest H Crosby, Wm Dean Howells, Bolton Hall, Chas. Frederic Adams and John C. Crosby.

The resolutions are a masterly arrignment of war and a plea for peace, couched in the most persuasive language of men renowned for their ability in the use of words, but they failed to stem the tide of patriotism

They say the destruction of the Maine is a question of fact, and should be left to arbitration, that the cruelty and oppression of the poor in our land equal that in Cuba; that war will add only suffering to both Cuba and the United States, that a Cuban republic would be more cruel and oppressive than the Spanish rule, that the speculators would make money while the workingmen of the two nations shot each other down, and that a foreign war would interfere with the great battle for industrial freedom, which is more important.

PLEASANT HOURS

Enjoyed by Fort Wayne Citizens and Their Friends.

Sunday School Picnic Wedding, Anniversary Birthday Celebration and Other Enjoyable Events

Saturday, at his home on South Broadway, A C Beaver entertained the Sunday school class of Mrs Stevens of the First Baptist church. Before going to the home of the host the young people enjoyed a bus ride about the city. After reaching their destination games were played until about 10 o clock, when Miss Stella Helmer was crowned queen of the day and presented with a handsome bouquet of flowers. In return the class presented Mr Beaver with a silver cup and saucer

At 11 o clock the guests were invited into the dining room where a bounteous feast awaited them. After this pleasing part of the program Mr Perry, the photographer took several pictures of the class and the house. At 3 o clock the young people visited the county poor house and orphans home. Upon their return music and recitations were listened to. At 5 o clock the young people departed for their homes. The thirty guests heartily thanked Mr Beaver for the pleasure he had given them

BIRTHDAY ANNIVERSARY

Mr and Mrs John Custon, of No 11 Randolph street very pleasantly entertained about sixty of their friends last Saturday evening, in honor of Mr Caston's twenty fifth birthday anniversary. Music and dancing were features of the evening. At 12 o clock lunch was served, after which the guests departed wishing Mr Caston many more happy anniversaries

A SHOPMAN SURPRISED

One of the notable social events of last week was the surprise party gotten up in honor of John R Kretsinger, foreman of the Pittsburg planing mills, which occurred last Saturday evening. On that day Mr Kretsinger was thirty six years old and the surprise was in commemoration of the anniversary. Forty two friends and neighbors participated in the festivities and never did they have a more enjoyable time. The White family was present and furnished music and a delicious supper was served at 10 o clock. The guests presented Mr Kretsinger with a handsome easy chair

A SILVER WEDDING

Last Saturday evening Mr and Mrs William W Birch of 14 Wallace street, celebrated in an appropriate manner the twenty-fifth anniversary of their wedding. There were about forty guests, among them being Mr and Mrs Oliver Birch, of Piqua Ohio, and Mrs Jennie Frech, of Alvato. The other guests were friends and relatives who reside in the city. The couple received numerous presents, all handsome and appropriate. Supper was served during the evening

BLOCKED BY HOUSE.

Refuses to Concur in Senate Cuban Resolution.

Independent Clause Defeated by Vote of 179 to 156.

Fourteen Republicans Break Away From Party Lines.

Foraker-Turpie Amendment Was Stricken Out—Bailey and Reed Have Another Hot Tilt.

WASHINGTON, April 18.—The house of representatives refused today to concur in the resolutions adopted by the senate Saturday night recognizing the independence of the Cuban republic.

The amendment offered by Mr. Dingley, of Maine, striking out the Foraker-Turpie clause of recognition, was adopted in the house by a vote of 179 to 156.

The democrats and populists were united for concurrence, and fourteen republicans broke through party lines and voted with the supporters of the senate resolutions.

The measure will now have to go to the senate for concurrence in the house amendment.

It is likely that a conference will be necessary before any agreement is possible between the two branches of congress.

DETAILS OF THE ACTION.

The Result Was In Doubt Until the Vote Had Been Taken.

WASHINGTON, April 18.—Between the time the house of representatives adjourned at 10 o'clock this morning and the time of its reconvening at noon, the scene on the floor resembled a political convention more than the house of representatives. Members were scurrying about, caucussing in groups and discussing the situation. The uncertainty of the issue was admitted on all hands, although the advantage possessed by the republican leaders to present a motion to concur with an amendment to strike out the provision for the recognition of the existing government in Cuba was conceded. This strategic advantage in compelling the first vote to be taken upon their own proposition measurably strengthened their position.

The populists had an informal conference during the interim in the house and decided to stand to a man for the senate resolution as it passed the senate.

The republicans of several state delegations, among others those of the Pennsylvania and Illinois delegations, caucussed. In both these delegations the sentiment for concurrence in the senate amendments was strong. W. A. Stone, of Pennsylvania, joined Messrs. Robbins and Acheson, and the last named, it is said, won over Mr. Young, of Philadelphia.

In the Illinois delegation Messrs. Lorimer and Mann were the leaders. Several senators were on the floor, among them Senator Burrows, of Michigan, appealing to their colleagues of the house to stand by the president.

HANNA AND GROSVENOR.

Shortly before 12 o'clock Senator Hanna appeared and had a consultation with General Grosvenor, of Ohio. The latter informed the Ohio senator that he considered the action of the house very doubtful.

As the hands of the clock pointed at noon the speaker ascended the rostrum, and with one resounding whack of his gavel silenced the confusion on the floor and the house conversation in the crowded galleries. It was an impressive scene as the members listened with bowed heads to the solemn invocation of the blind chaplain.

No sooner had the chaplain ceased, however, before the confusion was redoubled as the members labored during the last few precious moments.

The reading of the journal had not been concluded before the clerk of the senate announced the passage of the house Cuban resolutions with senate amendments. Instantly the galleries were all attention and members leaned forward in their seats. The leaders watched each other with intent, alert features. The first move was important.

As the resolutions were read the declaration with regard to the recognition of the independence of Cuba were vociferously cheered by the democrats. This demonstration was repeated when the reading was concluded. Both Mr. Dingley, the floor leader of the majority, and Mr. Bailey, the democratic leader, were on their feet.

MR. DINGLEY'S AMENDMENT.

Mr. Dingley was recognized by the speaker and immediately moved concurrence in the senate amendment with an amendment striking out the clause in the resolution which recognised the independence of the existing republic. The actual form of the motion, which was reduced to writing, was as follows:

"I move to concur in the senate amendment to the house 'joint resolution with an amendment striking out in the first paragraph the words, 'are and' and also the words 'and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island' so that the first paragraph of the senate amendment will read as follows: 'First, that the people of the island of Cuba of right ought to be free and independent.'"

Upon his motion Mr. Dingley demanded the previous question, which served to cut off amendment and debate.

Mr. Bailey, who was still upon his feet, asked if the motion to concur with an amendment precluded a motion to concur, and was informed by the speaker that it would not if the motion was voted down. It was a moment of intense excitement.

Mr. Johnson, republican, of Indiana, and Mr. Bromwell, republican, of Ohio, were on their feet, both demanding recognition to state parliamentary inquiries. The former wanted to ask unanimous consent to address the house in antagonism to the motion, but he was howled down.

When Mr. Bromwell a moment later declared that he was sent to offer a motion to concur, the democratic side sent up cheer upon cheer.

REPUBLICANS SILENT.

The republican side was ominously silent. The speaker sternly commanded order and then informed Mr. Bromwell that his motion could not be entertained until that of Mr. Dingley had been disposed of.

Mr. Bailey, under cover of making a preliminary inquiry, brought out clearly the fact that unless the motion of Mr. Dingley was voted down, the house could not vote on the motion to concur, of which Mr. Bromwell had given notice.

Mr. Sulzer, democrat, of New York, attempted to interpose with the point of order that Mr. Bromwell's motion took precedence over that of Mr. Dingley.

He had a copy of the rules in his hand and was prepared to argue the question, but the speaker unceremoniously declined to hear him. No division was made on the motion for the previous question but upon the main question a chorus of demands from both sides went up for the ayes and noes. The roll call was watched with intense interest. The democrats started in to applaud every republican who voted "No," but the promised defection of over twenty-five members on the republican side did not materialize. The democrats only had fourteen opportunities to applaud. It was apparent before the end of the first roll call that they were defeated.

DEMOCRATS DISAPPOINTED.

Their disappointment was manifest on their faces while the countenances of the republicans were correspondingly joyful over the victory.

When Mr. Boutelle, of Maine, ascertained that the motion had carried by a safe majority, he withdrew his vote and was recorded present.

The announcement of the vote, 179-156, and the decisive victory, was loudly applauded by the republicans.

Fourteen republicans voted with the democrats and populists as follows:

Bromwell, Brown, Colson, Cooper (Wis.), Dorr, Johnson (Ind.), Johnson (N. D.), Lorimer, Loud, Mahan, Mann, Sulloway, Warner and White (Ill.)

One populist, Seward (Ala.), voted aye with the republicans.

There was a hot tilt between the speaker and Mr. Bailey after the vote, ending in the latter denouncing a statement of the speaker as "absolutely false."

AN INCIDENT SETTLED.

Mr. Sherman, republican, New York, who had been selected as a referee in the controversy between Messrs. Bartlett, democrat, of Georgia, and Brum, republican, of Pennsylvania, over the sensational personal encounter of last Wednesday, then read a statement to which both had subscribed.

The apology to the house was made through Mr. Sherman who stated the matter had been adjusted satisfactorily to both gentleman and that both had apologized. This honorable settlement of the difficulty which had been the subject of comment among the members for several days was received with general expressions of approval. The house then quieted down and proceeded under the call of committees to the consideration of minor matters.

TIME TO MANOUVRE

Parliamentary Situation Compels the House to Adjourn Until Noon.

WASHINGTON, April 18.—Immediately upon the house convening at 10 o'clock this morning in accordance with the recess taken Saturday morning, Mr. Dingley, the republican floor leader, moved an adjournment, which motion was carried. The regular session, therefore, began at noon. The house adjourned for the reason that no message could be received from the senate until that body was in session. The feeling was intense among some of the republicans, and there was every indication of a bitter and determined contest. The republicans who desired to concur claimed that they had enough votes to carry the motion, and the republican leaders were equally confident of non concurring.

After adjournment the republican leaders who had mapped out the program of rejecting the clause of the senate resolutions providing for the recognition of the independence of the present republic continued laboring with those of their colleagues who still obstinately refused to acquiesce in it. The opposition on the republican side, though small, was resolute. The juncture of this band of "insurgents" as they were called with the democrats for the acceptance of the senate resolutions might defeat the program. The republican leaders, however, confidently claimed that the defection would not be strong enough to succeed until both sides realized that the result was in doubt and the two hours' breathing spell obtained by the fortunate parliamentary situation which compelled an adjournment till the senate met were utilized in hard work on both sides.

The speaker summoned his lieutenants to his room in the lobby in the rear of the hall and the situation was earnestly discussed. Every republican who was likely to break over the traces was surrounded by a crowd of his colleagues and besieged with arguments and reasons why he could not be justified in joining the opposition at this critical juncture. But, headed by Messrs. Lorimer and Mann, of Illinois, and Bromwell, of Ohio, most of them refused to be persuaded. The democrats and populists were a unit for the adoption of the senate resolutions and Mr. Bailey, the democratic leader, held several consultations with the "insurgent" chiefs. Everything at 10:30 o'clock portended an exciting session.

CONTRACTS LET.

The Pennsylvania Will Move the Fort Sheridan Garrison.

The Chicago and Northwestern Will Move the Fort Brady and the Wabash the Fort Wayne Troops.

CHICAGO, April 18.—On the face of the bidding the Pennsylvania railroad was awarded the contract for moving the garrison from Fort Sheridan, the cavalry and artillery to Chickamauga and the infantry to Tampa. The same line is on the face of the bids, the lowest bidder for the transportation of the Seventeenth regiment from Columbus barracks. The Chicago and Northwestern railway is the lowest for the four companies of the Nineteenth at Fort Brady, at Sault Ste Marie, to Mobile. The contract for the other four companies of the Nineteenth from Fort Wayne lies apparently between the Wabash and the Lake Shore.

THEY WILL GO.

Spaniards Preparing to Leave United States.

Are Acting Under Instructions of Minister Polo—Will Find Refuge in Spanish Ports.

WASHINGTON, April 18.—Acting under instructions from the Spanish minister here, the Spanish consuls in various parts of the country are making arrangements for the departure of the Spanish colonies in their several localities. Arrangements are now concluded for the departure of the Spanish residents of Boston, about thirty in number. Similar arrangements have been made as to the Spanish colony in New York.

While war has not yet occurred, the movement is a precautionary one, as the departure of such large colonies, it is feared, would be attended with difficulty and danger after hostilities had begun. The first actual move of a colony occurred today when the 400 Spanish residents of Tampa, Fla., left on a steamer chartered to carry them to Havana. Most of those from Boston and other points are able-bodied young men, who will be available for military service after their arrival at Havana.

AT PORTO RICO.

Spanish Torpedo Flotilla Reported at that Island.

PROVINCETOWN, Mass., April 18.—Captain Webbe, of the barkentine Morales, who reached this port from Ponce, Porto Rico, today, reports that on April 6, the day before he sailed from Ponce, eight Spanish torpedo boats arrived at that port from the Canaries. Two Spanish men of war were there already. A Spanish cruiser also was sighted in Mono passage as the vessel sailed.

TENERIFFE, Canary Islands, April 18.—The Spanish authorities are actively fortifying the islands and preparing for 6,000 reinforcements.

ST. VINCENT, Cape Verde Island, April 18.—Transport arrived with supplies for Spanish fleet.

THE SENATE IS FIRM

Will Not Accept the Amendment of the House.

Senator Davis' Motion to Concur Was Defeated.

Ten Republicans Stand by Their Former Votes.

The House Amendment Voted Down by Forty-six to Thirty-two—Goes Back to House.

WASHINGTON, April 18.—The senate has determined by a decisive vote not to concur in the house amendment to the senate resolution recognizing the independence of Cuba.

The vote was for concurrence, 32; for non-concurrence, 46.

Ten republican senators stood by their former action in voting for the resolution, which was adopted Saturday night.

As soon as the house had passed the amended resolutions they were hurried to the government printer for engrossment and reached the senate at 3:53 this afternoon.

On receipt of the Cuban resolution from the house Mr. Chandler suggested the absence of a quorum in order to secure a full attendance to consider Cuban resolutions.

Seventy-five senators answered to their names on the roll call. On motion of Mr. Davis the Cuban resolution was laid before the senate.

Mr. Davis addressed the senate detailing the effect of the action of the house.

Mr. Davis said many lives had passed away while congress was debating the question and that the Maine disaster still remained unavenged. He thought there should be no further delay.

Mr. Davis thought the independence of Cuba would quickly follow intervention. In order to secure hasty action Mr. Davis moved concurrence in the house action.

Mr. Stewart opposed concurrence.

Mr. Stewart yielded the floor for a vote on suggestion of Mr. Teller. Yeas and nays ordered.

At 3:10 p. m. the vote was taken on the Davis motion to concur in the house amendment. The motion was defeated and the senate refused to concur.

The vote was 32 yeas to 46 nays. Ten republicans voted no.

The senate voted without division to insist on its amendments.

Mr. Hale urged the importance of having a conference committee.

Mr. Hale said there could be but one aim in the proceeding against conference, and that was to dragoon everybody into supporting the recognition amendment.

Mr. Hale said the sooner the question was settled the better. He thought war inevitable unless Spain backed down, and it was not worth while to encourage antagonism to the house and the president.

Mr. Aldrich followed in the same line with Mr. Hale. He thought some reason should be given for the unusual proceeding.

Mr. Jones, of Arkansas, said the house had asked for no conference. Calls of "Vote." The vote was reconsidered on the motion to return to the house, and amended so as to provide for asking a committee on conference, and a yea and nay vote was ordered.

The motion for conferees was defeated—31 to 43.

The senate then at once sent the resolution back to the house.

WILL BE CONFERENCE.

Senate Resolutions Meet Second Defeat in the House.

WASHINGTON, April 18—5:40 p. m.—The Cuban resolutions came back to the house from the senate. Mr. Dingley moved that the house insist on its amendment and ask for a conference. Upon that he demanded the previous question.

Mr. Broomwell, republican, of Ohio, moved to concur in the senate amendment recognizing Cuban independence, and on this motion the yeas and nays were ordered.

Bromwell's motion was defeated by a vote of 148 to 172.

Dingley then moved that the house insist on its amendment and ask for a conference. This motion was carried without division.

The conferees on house side probably will be Dingley, Adams and Dinsmore.

SENATE VOTES.

Recognizes the Independence of Cuba by 67 to 21.

WASHINGTON, D. C., April 18.—After four days of debate the senate Saturday night passed the Davis resolutions, amended so as to include the recognition of the republic of Cuba, by a vote of 67 to 21. The resolutions as adopted follow:

"Joint resolution for the recognition of the independence of the people and republic of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

"Whereas, The abhorrent conditions which have existed for more than three years in the island of Cuba, so near our own borders, have shocked the moral sense of the people of the United States, have been a disgrace to Christian civilization, culminating, as they have, in the destruction of a United States battleship, with 266 of its officers and crew while on a friendly visit in the harbor of Havana, and cannot longer be endured, as has been set forth by the president of the United States in his message to congress of April 11, 1898, upon which the action of congress was invited; therefore,

Resolved, By the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent, and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States, and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over the said island, except for the pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people."

HOW THE SEVERAL SENATORS VOTED.

Following is the vote by which the resolutions were adopted:

Democrats for recognition—Bacon, Bate, Berry, Chilton, Clay, Cockrell, Daniel, Faulkner, Gorman, Gray, Jones (Ark.), Kenney, Lindsay, McEnery, McLaurin, Mallory, Martin, Mills, Mitchell, Money, Morgan, Murphy, Pasco, Pettus, Rawlins, Roach, Smith, Tillman, Turley, Turpie, Vest—31.

Republicans for Recognition—Baker, Cannon, Carter, Chandler, Clark, Cullom, Davis, Deboe, Foraker, Frye, Gallinger, Gear, Hansbrough, Jones (Nev.), Lodge, Mantle, Mason, Nelson, Penrose, Perkins, Pettigrew, Proctor, Quay, Shoup, Stewart, Teller, Thurston, Warren, Wilson, Wolcott—30.

Populists for Recognition—Allen, Butler, Harris, Heitfeld, Kyle, Turner—6.

Republicans Against Recognition—Aldrich, Allison, Burrows, Elkins, Fairbanks, Hale Hanna, Hawley, Hoar, McBride, McMillan, Morrill, Platt (Conn.), Platt (N. Y.), Pritchard, Sewell, Spooner, Wellington, Wetmore—19.

Democrats Against Recognition—Caffery, White—2.

BRING 'EM BACK.

Sheriff Melching Returns With Leslie McFerran.

Deputy Gladieux Has Another Young Man on the Same Charge in Iowa—Wallace Skipped Out.

Sheriff Melching Sunday afternoon returned from Walnut, Bureau county, Ill., where he arrested Leslie McFerran on paternity charges preferred by Ethel Gaskill. The young people are members of prominent Allen county families.

Deputy Sheriff Gladieux is in Washington county, Iowa, where he went to arrest a prominent Cedar Creek township young man on the same charge, preferred by a young lady. Both belong to prominent families.

Last week Sheriff Melching made William Wallace a trusty. Friday afternoon Wallace left the jail and Deputies Gladieux and Witte started after him. They traced him through Woodburn to Antwerp, Ohio, and then to Scio, DeKalb county, where he was with his wife at the home of a brother-in-law. Wallace is again in jail with seventy-seven more days to serve. He will be put to cracking stone.

Ellsworth S. Pettit, through his attorneys, Ninde & Sons, has commenced suit for $10,000 damages against the Grand Rapids and Indiana railway.

The last will and testament of the late Franz Paulman has been filed for probate. He bequeaths all his personal property and real estate to his wife during her life and $300 to his adopted son, Edward Paulman. At the death of the wife the property is to go to the son-in-law, Frederick Koop, in trust for eight grandchildren. The estate is then to be divided into nine shares, one for each of the children, except Hannah, who is to receive two shares. Frederick Borcherding is named as executor.

BURNS PROVE FATAL

Mrs. James P. Sallot Died Sunday Evening

From the Effects of Burns Received Last Week.

She Was Almost Eighty-six Years of Age.

Mrs. John Holstein, Another Aged Lady, Called to Her Last Long Home—Other Deaths and Funerals.

Sunday evening, at 9:20, occurred the death of Mrs. James P. Sallot, the aged lady who was so seriously burned last week. Mrs. Sallot bore her affliction with Christian resignation and, although she suffered intense pain, never did she once complain. Sunday morning, about 11 o'clock, she dropped into a peaceful sleep and never again awakened. The husband and daughter watched at the bedside and at 9:20 the last spark of life was wafted out.

Mrs. Sallot was born Josephine Claude Julliard in France on June 24, 1812. She was married to James P. Sallot November 23, 1831. Mr. and Mrs. Sallot left France March 1, 1836, and arrived in Fort Wayne June 21 of the same year. They located in Allen county near Arcola, and there resided about six years, when they moved into Fort Wayne, and for more than fifty-four years lived here. Two children were born to them—Victor M., who lives on Summit street, and Mrs. M. L. Albert, whose home is at No. 161 East Lewis street. There are nine grandchildren, Josephine Albert being one of them.

James Sallot, husband of the deceased, still lives at the advanced age of eighty-eight years, and is in good health. Mrs. Sallot was, too, at the time of the accident which caused her death, in almost perfect health, and indications were for many more years of life. Only a few days before she had visited the home of Claude F. Eme at the time of the death of his mother, who was a lifelong friend. For almost sixty-four years had Mr. and Mrs. Sallot traveled together down the path of life, and to the husband the loss of the partner of his life's joys and woes is a sad blow.

The funeral will be held Wednesday morning at 9 o'clock from the residence, No. 184 East Lewis street, and half an hour later from the Cathedral.

HOLSTEIN.

Mrs. Elizabeth Holstein, wife of John Holstein, died Sunday afternoon at 2:30 o'clock after a lingering illness of more than three years. Mrs. Holstein was aged seventy seven years, two months and ten days and had been twice married, her first husband, John Butler, having died in 1865. In 1881 Mrs. Butler married Mr. Holstein. Three years ago Mrs. Holstein suffered an attack of paralysis and she has ever since been helpless. She was ailing also with dropsy and the lady's constitution at such an advanced age could not withstand the ravages of both diseases. For more than fifty-nine years Mrs. Holstein lived on the farm in Washington township. The following children survive: Louis and George Butler, Mrs Mary Snyder, Mrs. Sarah Butler and Miss Julia Butler. The funeral will occur Tuesday at 1 p.m. from the residence and later from the Reformed church on the Goshen road, Rev. Bosch officiating at the services. Interment at Hatfield's cemetery.

MEYER.

Arthur, the two-months-and-fourteen-days-old child of Mr. and Mrs. Henry Meyer, of No. 138 Harrison street, died this morning of bronchitis.

MOORE.

William F. Moore, aged twenty years, an inmate of the feeble minded institute, died Sunday of heart failure. His remains were taken to Knightsville, Ind., for interment.

SUBKOWSKI.

Mrs. Henrietta Subkowski died yesterday afternoon, at 3:15, at the home of the family, at 356 Force street, after a short illness, of rheumatism of the heart. She was the wife of Henry Subkowski and was thirty-five years old. Her husband is employed at the Bass works. The funeral will take place Tuesday afternoon, at 2 o'clock, from the residence, and half an hour later from Zion's Lutheran church.

FOSTER.

Louis Foster, a prominent business man of Pierceton, Ind., was buried at that city yesterday by the Masonic fraternity. Mrs. C. A. Triskett, of East Wayne street, and John R. and C. L. Kretsinger, of the Pittsburg shops, niece and nephews respectively of the deceased, attended the funeral. Bert Foster, of Washington, D. C., formerly of THE SENTINEL composing room, was a son of the late Mr. Foster. The deceased was well known in this city.

ARTHUR BERESFORD

The Eminent Basso, Will Sing at the Temple.

Lovers of good singing will be pleased to hear that Arthur Beresford, the eminent basso, who sang at the Temple theatre with the Clementine De Vere concert company, will give a recital at the Temple tomorrow evening.

Mr. Beresford comes this time under the auspices of the Morning Musical society, but the concert is also open to the public.

ELOQUENT TALMAGE.

The Great Divine Lectured and Preached Here.

Golden Truths Fall From the Lips of the Noted Preacher—Ready to Do His Share in War.

Rev. T. DeWitt Talmage, the great American preacher was in the city Saturday evening and Sunday and during his short stay delivered a lecture and one sermon. An immense audience greeted the great divine at the Princess rink Saturday evening. Rev. Talmage was at his best and carried the people along with him in his elegant words. Just before closing, Mr. Talmage, who is a great lover of his flag but opposed to war, could not desist from mentioning in a roundabout way the threatened war with Spain. He strayed away from his subject long enough to remark that "Turkey and Spain should be swept off the face of the earth."

Sunday evening Rev. Talmage preached at the First Presbyterian church at the request of Dr. Moffat. The edifice was crowded, every seat in the galleries and auditorium being occupied and chairs in the aisles being a necessity. The reverend gentleman selected as his subject the twenty-fourth verse of the thirtieth chapter of I Samuel: "For who will harken unto you in this matter? but as his part is that goeth down to the battle, so shall his part be that tarrieth by the stuff; they shall part alike." For almost two hours the Rev. Talmage held the strictest attention of his large audience, many of whom had never before heard the golden truths as they fell from the lips of the great divine.

WILL GO TO WAR.

Rev. Talmage has caught the infection of the hour. In a conversation had in this city yesterday the noted preacher announced his intention of going to the front in the capacity of chaplain. Mr. Talmage has long been fired with martial ardor. Ever since the tragic blowing up of the Maine in Havana harbor he has longed for the opportunity of putting into play a little of his muscular Christianity against the Spaniards.

But the time was not ripe for action. Now, however, Dr. Talmage feels that war is unavoidable, and looks upon it as his urgent duty to go to the front, if not to shoulder a musket at least to inspire those who do by his words and example.

His son, Rev. Frank DeWitt Talmage, of Chicago, is chaplain of the Second regiment of the Illinois national guard, and will without doubt soon be ordered south. Therefore the American public will soon see the inspiring spectacle of father and son, both ministers of the gospel, giving up important charges on account of patriotism and love of country.

Dr. Talmage before leaving Washington called at the war department and applied for the position of army chaplain. He laid his request before Secretary Alger, and it is thought his request will surely be granted.

FIRED ON COVEY.

A Country Lad Shoots Dr. Schilling's Carrier Pigeons.

Fired Into the Covey and Killed One, Wounding Three Others—Spoiled a Trial Fly.

Dr. Carl Schilling sent his covey of eighty-nine pigeons to Keystone this morning, and they were to have another trial. At 8:30 the express agent at Keystone released the pigeons and they soared into the air. As the birds went up they were sighted by a country lad, who went for his gun and fired into the covey, bringing four of them to the ground. One was dead and the others wounded. The balance of the pigeons were badly scared and soared about until 9:10, forty minutes, before they started on their way back to Fort Wayne.

The wind was against the birds and the first one reached Fort Wayne at 12 o'clock. At 2 o'clock this afternoon only ten of the eighty-nine birds had reached the home of Dr. Schilling. The doctor will prosecute the fellow who shot into the flock if there is a law on the statute books which will permit him to do so. Tomorrow there will be a trial of all the birds of the Homing club.

The Almaden Mine Was Tendered as Security.

Carlists in England Are Becoming Active—Disturbances Continue in Cities of Spain.

LONDON, April 18.—It is reported in the city that the government of Spain has been in communication with leading financial houses here, including the Rothschilds, in an effort to raise a loan of 4,000,000 pounds ($20,000,000) on the security of the Almaden mine. The Rothschilds decline to confirm or deny the rumor.

CARLISTS ACTIVE.

Supporters of the Pretender in England are Preparing for Emergency.

LONDON, April 18.—The supporters in England of Don Carlos, the Spanish pretender, headed by the earl of Ashburnham, are preparing for emergency. Every detail has been arranged to seize the propitious moment for action. The local Carlists are convinced that the Spanish dynasty is doomed and that Spain will be forced to choose between republicanism and Don Carlos. They add that the only chance of the present dynasty is a successful war against the United States, the possibility of which is scouted.

WAR IS CERTAIN.

Such is the Opinion of General Azcarraga, Former Spanish Minister of War.

LONDON, April 18.—A dispatch from Madrid says that General Marcelo de Azcarraga, the former minister of war and prime minister, has arrived at the Spanish capital to attend the meeting of the cortes. He is quoted as declaring that war is inevitable.

The dispatch adds that many Swedish, Brazilian and other foreign officers are offering their services to Spain.

The next meeting of the Spanish cabinet, the dispatch further says, will discuss the question of privateering.

Leaflets, inciting a popular demonstration, have been seized at Madrid.

RIOTOUS IN BARCELONA.

News of the Senate's Action Caused a Disturbance.

BARCELONA, April 18.—Although Sunday morning passed quietly here, there was a demonstration last evening, when the crowds which gathered in front of the newspaper offices read the latest announcements of the action in the United States senate in regard to Cuba. After it became known that the senate had adopted a resolution favoring recognition of the present Cuban insurgent government, there was a scene of the greatest excitement and patriotic shouts were raised on all sides. When the students heard the news, on leaving the theatres, they paraded the streets, cheering for Spain, and made an attempt to reach the United States consulate. The authorities, however, had taken precautions and the students and others who took part in the disturbance were dispersed.

TAYLOR UNIVERSITY

Sam Small Becomes Interested in the School.

Will Devote the Proceeds of His Lectures Towards Its Support and Will Seek Endowments and Donations.

ANDERSON, Ind., April 18.—Rev. Sam Small yesterday began the task of erecting a monument for himself in the shape of a college. Some time ago the trustees of Taylor university, a small denominational school located at Upland, Ind., approached the evangelist and told him the institution was sadly in need of funds. Mr. Small not only agreed to give support, but he has taken upon his shoulders the work of building it up and making it one of the leading educational institutions in the west. Hereafter the profits of his lectures will be forwarded to the little institution; he will labor for donations and endowments and endeavor to enlarge it. He is confident of his success and expects to see his university one of the leading schools of the country in ten or twelve years. He received a good start in this city yesterday. He will try to enlist Rev. Sam Jones in the work and show what two plain spoken men can do.

Last evening at her home, 35 Orchard avenue, Miss Mary Starkey was surprised by about thirty-six of her young friends, the occasion being in celebration of her birthday anniversary. The evening was passed in progressive pedro, L. Keller and Freda Wiegman winning the first prize, the booby falling to L. Rahn and Anna Wefel. At a late hour a delicious luncheon and refreshments were served.

The A. O. H. met Sunday and completed arrangements for the A. O. H. state convention, which convenes tomorrow. Headquarters will be at the Randall hotel.

GREAT BRITAIN appears to want to take a hand on the right side of this fight.

WITH war inevitable, as every one believes, action, not oratory, is the thing highest in order.

AFTER appealing to every court in Europe for help, Spain has received the comforting assurance of the powers that while they cannot prevent her getting a thrashing, they will see to it that she is not drubbed any after she is down.

LET us not get worked up to a pitch too high over the attack of a Spanish mob on the American consulate at Malaga. It has been but a few days since American mobs were burning the president of the United States in effigy.

GENERAL LEW WALLACE has decided he can serve his country better in the field than in the senate. He has just notified his friends that he is out of the senatorial race in Indiana and has placed himself at the disposal of the government. It is not unlikely that General Wallace will get a high commission in the Indiana troops if war comes.

SAID Saturday's bulletin from Madrid: "Complete tranquility prevails in Cuba." A few weeks more of Spanish rule and there will not be enough of the inhabitants left to disturb the peace and come within the scope of the riot act. It may be observed, though, that at this writing there is a more pronounced shade of tranquility in Cuba than there will be a week or ten days hence.

THERE was no reason why the senate should have spent three or four days in debating the Cuban question. As it turned out, a vote might just as well have been had the middle of last week. The adoption by an overwhelming majority of the resolutions recognizing the independence of the Cuban republic discloses that there has not been a time since the present crisis became acute when the senate would have taken ground different from that on which it has stood for upwards of a year. Deliberation and debate are well enough if any good purpose is served, but in the present case that was not the fact. However, a score or more of senators have made speeches to be reprinted from the Congressional Record for home consumption.

PRESIDENT ELIOT, of Harvard, in a recent address before the Dorchester Woman's club, lamented the tendency of American families, and especially those of New England, to scatter all over the world. He said that it was normal for generation after generation to reside together, and that it was to hoped that this condition would again prevail in the near future.

IF there is war it is Spain's own choice. She will be notified to vacate her possessions in the western hemisphere, and if she does not choose to do it quietly and without kicking up a brawl with America, the consequences will be her own to pay for. The people of the United States do not want war for the sake of war, and would be pleased to avert hostilities. But there but one condition upon which peace may be maintained. Cuba must be free.

THE United States has fought five wars in the 122 years since the Declaration of Independence. In each one we have triumphed. In that period England has fought six wars—not including conflicts with savages in India and in Africa. And she has lost two—both to America. France has engaged in six, and has lost two—one with the allied powers and one with Germany. Prussia in the same period has lost two out of five wars. Austria has lost two and has gained two. Spain has lost every war she has undertaken in that period—unless her ten years' guerrilla warfare with Cuba may be called victorious.

The Vote in the Senate.

It has been charged, since the house of representatives passed the Cuban resolutions, that the matter was being held up in the senate by the influence of William J. Bryan, who it was set forth, had solicited democrats and populists to make a party issue of the grave measure. An examination of the vote by which the resolutions recognizing the Cuban republic passed the senate Saturday night only is needed to disprove the silly canard.

For recognition there were cast a total of sixty-seven, votes. Against recognition there were twenty-one votes. Of the votes for recognition thirty-one were cast by democrats, thirty by republicans and six by populists. Of those against recognition nineteen were cast by republicans and two by democrats.

There was a total of forty-nine republican votes cast and a further analysis of their distribution is interesting.

Of the Ohio senators, Foraker voted for recognition and Hanna against. Frye, of Maine, voted for and his colleague, Hale, against. Lodge, of Massachusetts, supported the independence resolutions, and Hoar, his colleague, opposed them. Gear, of Iowa, voted aye, and Allison, also of the Hawkeye state, voted no.

The vote of but one state represented by democrats was divided, Caffery, of Mississippi, voting against the resolution. Money, his colleague, of course, voted yes.

There was no politics in the action of the senate and the charges, made up to the time of voting, that there was, fall ridiculously flat. The deliberations of the senate were marked by a singular and happy freedom from attempt to reap partisan advantage. The division represents an honest and conscientious difference of opinions. The senate was controlled by patriotism and not politics.

A LARGE CLASS

Sunday Took First Communion at St. Mary's Church.

At St. Mary's Catholic church Sunday a large class of young people took their first communion. CONTRABAND OF WAR

Great Britain's Declaration Regarding Coal.

It is Line With the Wishes of the President and the Navy Department—Will Cripple Spain.

NEW YORK, April 18.—In directing her colonies to regard coal as contraband of war in the event of hostilities between the United States and Spain, Great Britain has taken action in line with the wishes of the president and naval authorities, says the Washington correspondent of the Herald. Pressure will be exerted upon France, Hayti and San Domingo to accomplish the same result, and some attention is being given by the state department to South American countries with a view to securing from them a declaration of contraband character of coal, as well as an announced determination on their part not to sell either to Spanish or American men-of-war a supply of fuel greater than that necessary to enable the belligerent vessel to steam to the next home port.

So far as the Danish West Indies are concerned, the authorities have purchased in their ports all the coal that it is possible to secure. With coal a declared contraband of war administration officials and naval experts say it will be impossible for Spanish vessels to operate in the West Indies or in the Pacific, and as a result, the chances of success for American arms will be immeasurably enhanced.

Great Britain's declaration of the contraband character of coal will affect the United States at only one point—in the far east. The United States now has at Hong Kong a fleet of six vessels, the cruisers Baltimore, Olympia, Raleigh and Boston, and gunboats Concord and Petrel, and these ships are awaiting the word to rush to Manilla.

If the fortifications of the Philippines should stand off the American fleet for any length of time the operations of the vessels would be greatly embarrassed, for, by England's declaration, her colonists will be only allowed to sell to either belligerent supply sufficient to to take him to his home port.

Appreciating the position assumed by the British government, Commander Dewey acting under instructions from Secretary Long, has purchased a large quantity of coal, and has stored it on board two coalers which will accompany his fleet to the Philippines.

Extended operations will necessitate a renewal of the supply and the central position of Hawaii is pointed to by naval experts who want it for a naval base.

Hawaii is 4,000 from the Philippines. Her position in the family of nations would compel her to observe strict neutrality and not to favor one belligerent more than another, but her annexation to the United States, it is pointed out, would result in placing supplies for the Asiatic squadron 2,000 miles nearer to the vessels than would be the case if coal, munitions of war, etc., had to be shipped from the United States.

It also pointed out that Hawaii will find it necessary to sell coal to a Spanish vessel coming in at Honolulu sufficient to take it a portion of the way to its next home port, just as she would sell coal to an American ship.

In the event that coal is declared a contraband of war by France, Hayti and San Domingo, naval authorities say, it will be impossible for Spanish vessels to secure fuel in the West Indies.

WEYLER HUNG IN EFFIGY.

Brooklynites Manifest Their Dislike of the Spanish General.

NEW YORK, April 18.—An effigy of General Weyler hung from a telephone pole at Seventh avenue and Seventh street, Brooklyn, all day Sunday. The figure was put up before daylight Sunday morning and was still hanging late last night. The effigy was dressed in a regulation military coat, with military trousers tucked into a pair of field boots. On the head was a campaign hat and the features were a true reproduction of those of General Weyler. The figure was suspended fifty feet from the ground, and on the breast in large black letters were the words: "Weyler, the butcher."

Crowds stood about the effigy all day long. At one time during the afternoon the crowd became so great that the trolley cars of the Seventh avenue line were blocked until a reserve squad of policemen were called to disperse it.

CUT NAILMAKERS' WAGES.

Men at Anderson, Ind., Receive Notice of a Heavy Reduction.

ANDERSON, Ind., April 18.—The new wire nail trust has posted notices of a reduction in wages ranging from nine per cent to thirty-three per cent, and including almost all of the 800 workmen in the Anderson plant.

The workmen were holding meetings yesterday and preparing for action. The trust now controls fourteen of the largest plants and employs over 10,000 men. It is understood reductions of a similar nature are to be made in all plants, so as to make a uniform scale with the lowest paid.

Anderson men yesterday began work organizing these 10,000 men, located at various points, for the purpose of resisting the movement on the part of the company. The situation is serious.

"MOSQUITO FLEET."

Auxiliary Warships Leave New York Bay Headed Southward.

NEW YORK, April 18.—Two vessels of the "Mosquito fleet" were in the lower bay this morning. The Eagle, formerly the yacht Almy, which had gone down from the navy yard yesterday, will sail during the day. The steamer Hawk, formerly the yacht Hermione, at 9:07 a. m., passed out the hook to sea. The steamer Hornet, formerly the yacht Alisa, left the navy yard this morning and passed quarantine at 9:23 a. m. bound out.

The Eagle passed Sandy Hook at 9:45 a. m., and the Hornet fifteen minutes later. Outside they joined the Hawk and all three proceeded under full steam to the southward.

FIGHTING IN CUBA.

Insurgents Capture a Spanish Fort in Pinar Del Rio.

Cubans Had the Best of the Battle—News From Havana Reports All Quiet There.

HAVANA, April 18—9 A. M.—News of further fighting between the insurgents and Spanish troops in the province of Pinar Del Rio reached here today. It appears that a force of insurgents, under Lores Auguilar Rizo, made an attack, two days ago, upon the Spanish fort at Esquijarosa, Pinar Del Rio, and had the best of the fighting, even according to the Spanish account of the affair.

The official report of the fight says the fort was a small one, garrisoned by volunteers, who made a "heroic defence, lasting three hours." In the meantime, however, it is officially admitted, the insurgents entered the town and plundered and burned a tobacco ware house. The Spanish reports add that the garrison of the fort lost four men killed and had nine men wounded.

QUIET IN HAVANA.

HAVANA, April 18.—9 A. M.—The inhabitants of this city are enjoying a bright summer morning. All is quiet here. The park last night was crowded with pedestrians who enjoyed the music of the military band. An important piece of work was successfully completed this morning, that of carrying the vento water to Casa Blanca opposite Havana bay, and to the Cabanas fortress.

News has been received from the town of Alfonso XII, province of Havana, that a dynamite bomb was exploded near the church there at 8 o'clock on Saturday night, killing two people and wounding one man.

It is alleged that the Spanish and foreign merchants here are claiming that the Plant steamship line should be fined "for not complying with the postal treaty."

PRAY FOR MR. GLADSTONE.

Request Publicly Made at Hawarden by the Statesman's Son.

HAWARDEN, April 17.—Mr. Gladstone passed a less comfortable day. His doctors say there has been very little change in his condition during the last week. Mrs. Gladstone and the other members of the family attended service in the Hawarden church yesterday morning, the Rev. Stephen Gladstone officiating.

As indicating the gravity of Mr. Gladstone's condition, it is noted that the officiating clergyman requested the prayers of the church for his father. He also requested the prayers of his congregation that "peace might be maintained between two great Christian countries, the United States and Spain."

HOLDING A GHOST DANCE.

Cheyenne Indians, Incited by Medicine Men, Likely to Cause Trouble.

GUTHRIE, Okla., April 18.—Nearly 1,000 Cheyenne Indians are gathered on the banks of the North Canadian, many miles from the agency, holding a ghost dance.

It is feared by many that the Indians, incited by their medicine men, will take advantage of the absence of troops from neighboring forts to start an uprising to secure more beef rations and in revenge for the enforcement of the territorial anti-polygamy law, which has caused great discontent in the tribe.

ATTACKED BY ITALIANS.

Foreman Blamed for an Accident in Which Two Were Killed.

SCHENECTADY, N. Y., April 18.—Two Italian canal laborers were instantly killed and another seriously injured at Fondas Basin, six miles east of this city, yesterday, by the breaking of a derrick boom while it was in use lifting stone. Some of the Italian workmen made an attack upon the foreman with drawn knives, threatening his life, as they blamed him. The attack was checked, however, before they had done any injury.

ARMAMENT COMPLETE.

Cruiser Charleston is Nearly Ready for Active Service.

MARE ISLAND, Cal., April 18.—The last of the six-inch rapid fire guns have been mounted on the Charleston, completing her armament with the exception of the rapid fire guns which will be placed in the tower.

Every day from twenty to thirty recruits are sworn in on the Independence. There is still a need of able seamen and second grade engineers.

FLY-CASTING RECORDS.

Walter D. Mansfield is Now Indoor and Outdoor World's Champion.

SAN FRANCISCO, April 18.—Walter D. Mansfield has broken two world's records for both outdoor and indoor fly casting. He extended his line a distance of 120 feet, 5 inches. This exceeds by one-half a foot the record made by Leonard in Madison Square garden at the indoor fly-casting tournament held in the early part of the year, and by seven feet Mansfield's own outdoor record.

FOREIGN MEDDLERS.

Chicago Federation of Labor Urges Retaliation Against Them.

CHICAGO, April 18.—The Chicago Federation of Labor has unanimously adopted a resolution that the people of this country should retaliate against any foreign country that might intermeddle in the present crisis by refusing to buy its productions and manufactures.

Commercial Cable to Japan.

NEW YORK, April 18.—The Commercial Cable company gives notice today that the Japanese land wires are now in working order and that messages from Japan are accepted without restriction.

BASE BALL.

Items of Interest to Lovers of the National Game.

Happenings in the Several Cities of the Inter-State Circuit—What the Players Are Doing.

Frank Fitch, Fort Wayne's favorite short stop, arrived in the city Sunday afternoon and now the team is complete. The only player signed and not released who has not reported is Seidensticker and Manager O'Meara has notified him to keep in condition and be in readiness to jump into the game at any time. Seidensticker is a left-hander and is not desirous of reporting now.

The team will this week be put through signal practice. There will be slight change from those of last year as all the players are thoroughly familiar with the old signs. The batting order will be changed, Kihm going to the top and Cook dropping down to fourth or fifth. Manager O'Meara believes this will strengthen the batting and running of the team. All the men are hitting the ball hard and if "Gout" Fitch gets back his batting eye the team will be the strongest batting aggregation in the Inter-State league.

BEAT THE SHAMROCKS.

The Shamrocks took the place of the Indians in the game at Lakeside park yesterday and the professionals won by an overwhelming score. Heller was in the points the first three innings for the Shamrocks and did fairly well, although he was supported poorly by Walter Welch at backstop. Ed. Herr went in for the amateurs the next three innings and his curves were pounded to all directions by his mates on the Fort Wayne team. He was, however, given very poor support. Robbins pitched the last three innings and was hit hard in only one inning. Alloway, Minnehan and Patterson pitched three innings apiece for the league team. Minnehan was somewhat wild, but Alloway and Patterson were quite effective. The latter at one time put six strikes out of seven pitched balls across the plate and there was speed enough on all of them to burn a hole in a war vessel. The score:

Fort Wayne..1 1 1 1 3 6 3 2 4—25
Shamrocks...0 0 0 1 0 1 0 1 0— 3

Batteries—Alloway, Minnehan, Patterson and Campbell; Heller, Herr, Robbins, Welch and Eising. Umpire—Hubbard.

NOTES.

Only one of Grand Rapids pitchers is a right-hander.

The Shamrocks will hold a meeting at Welch's tin shop tonight.

Hickey is quite a batter and will be retained as a general player.

Bay City and Page Fence Giants have each defeated Torreyson's Babies.

Patterson has been appointed captain of the Youngstown team by Manager Geer.

With Kolb and Blue gone Toledo will not be one, two, three in the coming championship race.

Thayer Torreyson is reported to own a block of stock in the Grand Rapids club in addition to being its captain.

Alloway, Patterson, Relman, Minnehan and Herr make the strongest corps of twirlers in the Inter-State league.

The Eagle Rocks yesterday defeated the Bloomingdale Stars by a score of 38 to 6. The feature of the game was the batting of the Eagle Rocks.

Cooke bats as well as ever. He made three singles and two two-baggers yesterday. All the players have been lining them out in great shape, however.

New Castle now has the biggest team physically it has ever possessed. Some of the Quakers this season are veritable giants, and remarkably active for their size.

In Boston it is reported that Charles Hickman, the ex-New Castle player, will be farmed out to the Norfolk club, of the Atlantic league, or to some eastern league club.

The Dayton team is showing up very strong in practice and is perhaps composed of better material than last year. The team played a tie with Detroit and won twice from Indianapolis.

Milwaukee, Indianapolis and Columbus were defeated by Mansfield, Dayton and Toledo and still there are some people who do not believe the Inter-State plays fast ball. They are few, however.

"Chick" Stahl struck out the first time to bat in the championship season and then followed with two doubles and a single, which sent enough runs across the plate to win the game for Boston.

The Spy Runs were defeated by the Keystones yesterday afternoon. Score: 27 to 7. Batteries—Spy Runs, Green and Hoffer. Hughes and Boecker; Keystones, Foutz, Bates and Fitzpatrick.

Dayton Herald: "Manager Armor has begun his weeding process and Saltmarsh, Losch and Watts have received their releases. The following is a list of the pitchers remaining: Rosebrough, Brown, Daugherty and Bates."

President Hanlon, of the Baltimore base ball club, has informed the players of his club that $1,000 would be divided among them at the end of the season if they captured the pennant and $1,800 if they finished in second place.

The famous John M. Ward is now a legal adjuster for the Nassau trolley road in Brooklyn, which is owned by Al Johnson and his brother, Congressman Tom. They say that Ward is making more money than he ever made in base ball.

Grand Rapids Press: "The Dayton Journal facetiously remarks that Manager Torreyson ordered secret practice so that his men could get used to empty seats. Mr. Bickham's son should show more courtesy to a new comer in the league than to judge it by harsh Dayton standards."

A special from Toledo says: "Manager Strobel said today that he is going to try and capture the Inter-State pennant again this season for the third consecutive time. He predicts much faster ball in the Inter-State this year than has ever been played before in any of the minor leagues."

Youngstown Telegram: "There is a strong probability that the local baseball team will be deprived of the services of Pitcher Peter McBride during the first month of the Inter-State league season. The young twirler was to have reported last Wednesday, but his non-appearance occasioned the sending of a telegram as to the cause of a delay. In reply McBride stated that his parents objected seriously to his leaving Manhattan college until he has completed his course, which he will accomplish next month. He states that he is endeavoring to overcome these objections and if possible will get away at once. In case he should remain at school he will report for duty at Youngstown the latter part of May, in shape for the season's campaign.

A telegram announces the death in an institute near Baltimore of "Bobby" Matthews, the great base ball pitcher. Matthews was about forty-five years of age and retired from the professional ball field in 1890, after fully twenty years' service in the profession, during all of which time he held a high reputation as a pitcher. No other ball pitcher ever held himself in the first class for scarcely more than half that length of time. Matthews started in as a professional away back in the '70s with the Kekiongas, of this city, and in subsequent years played with the Lord Baltimores, Bostons, Mutuals of New York, Athletics of Philadelphia and other clubs. He was attacked with paresis about two years ago, and had since been in a Baltimore institution for treatment.

FIRST DEFENDERS.

Thirty-Seventh Anniversary Observed by Pennsylvania Veterans.

READING, Pa., April 18.—The five Pennsylvania companies, now famous as the first defenders, because they were the first to respond to President Lincoln's call for troops, observed at Orwigsburg, Pa, today, the thirty-seventh anniversary of their departure for Washington.

The five companies, consisting of the Allen infantry, of Allentown; Logan guards, of Lewistown; Ringgold artillery, of Reading, and the national light infantry, and Washington artillery, of Pottsville, mustered 530 men when they arrived in Washington. At the business meeting today a report was made showing that 123 are still living.

Another dramatic performance by Fort Wayne's prominent society folks will be given at the Temple theater Thursday evening, May 26, when Lord Lytton's charming play, "The Lady of Lyons," will be produced. The players who will participate in the production will be the Misses Emma Rurode, Julia Marie Taylor, Alice Crane, Irene Smith, Mayme Fuller, Messrs. Nathan Smyser, Lee Ninde, Will Peters, Walter Seavey, Parke Frazier, D. C. Fitch, W. E. Adams and Jack MacDougal. The event will close with a reception at the Wayne club.

CONQUERS RHEUMATISM.

A New and Powerful Remedy That Cures the Disease.

Has Accomplished Many Wonderful Results in Chronic Cases.

Gloria Tonic, a specific for one disease, has had a remarkably severe test in many cases of rheumatism. So pronounced have been the cures that no doubt exists as to this remedy being nature's antidote for the peculiar malady. A resident of Harvard Hts., Thomas Callahan, after suffering continuously for four years, was entirely cured and has been instrumental in making the remedy well known in his town, where it has become the standard cure for rheumatism.

Gloria Tonic is not a cure-all, but a specific for rheumatism only, and in many hundreds of cases has never been a failure. No one can afford to doubt the wonderful success of this great remedy.

Testimonials and explanatory circulars will be sent to those who write.

Gloria Tonic accomplishes these great cures by its peculiar action on the blood, driving out all poisonous acids and calculous deposits.

For sale by all Druggists. Price $1.00 per box.

Prepared by John A. Smith, 243 Summerfield Church Building, Milwaukee, Wis.

In localities where Gloria Tonic has never been tried, a free sample package will be mailed prepaid upon application to Mr. Smith.

LAID CORNER STONE.

Exercises at the Church of the Precious Blood.

All the Fort Wayne Catholic Clergy Participate in the Services of the Laying of the Corner Stone.

Sunday afternoon at 4 o'clock the corner stone of the new Catholic church in the Ninth ward, which will be known as the Church of the Precious Blood, was laid with appropriate exercises. Bishop Rademacher officiated and blessed the stone. All the Catholic clergy, except Father Brammer, who was in Chicago, were present and assisted in the exercises. The pastor of the new church is Francis Nigsch, C. PP. S. The following document was placed in the corner stone:

"In the twenty-first year of the pontificate of Leo XIII, while Rt. Rev. Joseph Rademacher is bishop of Fort Wayne, William McKinley president of the U. S. A., James Mount governor of Indiana, and Henry P. Scherer, mayor of the city of Fort Wayne, the Rt. Rev. Bishop Rademacher himself blessed and placed the corner stone of this church, dedicated in honor of the Precious Blood of Jesus Christ.

"April 17, 1898, being the 122nd year of the declaration of independence."

Among the relics placed in the corner stone was a copy of THE FORT WAYNE SENTINEL. Work will proceed rapidly on the new church.

Mrs. Wheeler, corner Thomas and Horace streets, is visiting in the country the guest of her parents and friends.

SHOP AND RAIL.

A Nickel Plate Brakeman Hurt at Leipsic.

Accidents, Incidents and Personal Mention as Gathered by Our Reporter at the Depot and Shop.

W. A. McDowell, a brakeman on one of the Nickel Plate's local freight trains, running between this city and Leipsic, Ohio, had a narrow escape from death Saturday evening. His train had just arrived at its destination, Leipsic, and was doing some switching, when the brakeman fell from a car and it passed over him, rolling him over two or three times. Fortunately the wheels did not touch him and he escaped with his life, but sustained a badly sprained ankle and a bruised hip. He may be injured internally also, though it is not believed that he sustained any serious injuries of that character. Mrs. McDowell went down to Leipsic Saturday evening on No. 5 and will remain there with her husband until he can be brought home. Dr. J. M. Dinnen, the company's surgeon, also went to attend the injured man, returning yesterday.

PERSONAL AND OTHERWISE.

The Wabash pay car will arrive in Fort Wayne April 26.

Nearly all the railways of the country will put new time cards into effect May 1.

F. C. Turner, a coppersmith, is not at his usual place in the Pittsburg shops today on account of sickness.

After an illness of three months, Henry Dickmeyer resumed work in the Pittsburg blacksmith shop this morning.

Sherman Cutshall, clerk in the blacksmith department of the Pittsburg shop, is confined to his home by sickness.

Chief Clerk H. G. Granger, of the Wabash master mechanic's office, went to St. Louis last night on railway business.

Cabinetmaker H. C. C. Nees, of the Pittsburg shops, has recovered from a sickness which kept him at home six weeks.

Passenger Conductor Lee A. Kenaga, of the Pennsylvania, is having some important improvements made to his home at 88 West Williams street, included being a $400 addition.

James Finney, of the Pittsburg machine shop, who had a finger hurt two weeks ago, reported for duty this morning.

C. F. Schdefenecker, of the Pittsburg shops, is sick and off duty. H. D. Phillips, of the same shop, is also on the sick list.

Switchman Harry Fink, of the Pittsburg, has moved his family from Horace street to a cosy cottage at 189 Smith street.

The railway brotherhoods are to have a big union meeting at Kenova on April 21. Arrangements are making for a large crowd.

The Santa Fe has contracts to bring to northern and eastern markets in the next few months 8,000 car loads of live stock.

Ira Hall, yardmaster of the Chicago and Alton at Bloomington, Ill., is spending a few days with relatives and friends in the city.

Ed White, of the Pittsburg shops, is nursing a lame finger and will not be able to work for several days. The digit was injured in the shop Saturday.

J. C. People, of the Pittsburg planing mills, has as his guest his father from Decatur, Ind., and is taking a lay off in order that he can properly entertain the visitor.

Fred Ward and Ed Connut, formerly of Hostetter's Bicycle works, have accepted positions the with Star Plating and Manufacturing company, of South Broadway.

Henry Rathert and Frank Minnich, victims of accidents, were able to resume their work in the Pittsburg boiler shop this morning. The former had been disabled for two weeks.

Alfred W. Rooks, who has been in the railway mail service for fourteen years, died at Detroit on Thursday. He was ex-secretary of the National Association of Railway Postal Clerks.

A Pennsylvania freight crew had an exciting time with a burning car between Valparaiso and Wanatah last Friday afternoon. Sparks from the engine lodged among some ties on a flat car and was soon fanned into a good-sized blaze. The trainmen cut the car out at Wanatah, and a gang of section men extinguished the fire before any serious damage resulted.

Dr. E. F. Wagner, of the Pennsylvania relief department, left for Cleveland today and will not return until Wednesday evening.

On Sunday the first of the class H engines, the largest ever built by the Pennsylvania, will be turned out of the shops at Altoona.

The Chicago and Rock Island has resumed its train service into Atchison, Kan., after a suspension of nearly four years, the improvement in business in Kansas justifying the better service.

Brakeman Beckschultz, of the Grand Rapids and Indiana south local, has reported for duty again after an absence, caused by an injury received while lifting freight a few days ago.

Gene Nolan has taken his old place in the store room and office of the paint department of the Pittsburg shops, vice G. E. Underhill, who this morning became an apprentice in the engine painting department.

Seventy-two men employed by the Chicago and Eastern Illinois, who reside at Danville, Ill., have placed their names on a roll as volunteers in case of war with Spain. The list comprises trainmen, yardmen and shopmen.

Leon R. Griffin and Mart M. Shelvey, of the Star Plating and Manufacturing company, of South Broadway, were the guests of Bert M. Gorrell and Ned Carey, of the Payne Press-Review, Payne, Ohio, last Friday and Saturday.

A new lodge of the Brotherhood of Railway Trainmen was organized yesterday at Braddock, Pa., starting with over one hundred members. The number of railroad men at Braddock and Bessemer has greatly increased with the opening of the Carnegie lines.

The stars and stripes now float over Moro castle. Not the original at Havana, but a miniature one on the platform east of the electric works. Some of the employes at that establishment built the castle, mounted a cannon and hoisted the flag in celebration in advance of an event which will take place later.

The Nickel Plate has established freight transfers at Knox and Leipsic Junction, where all through eastbound freight will be transferred from foreign cars to the cars of the company. This is done to save car mileage, which otherwise would have to be paid to the owners of the cars in which the freight was originally shipped.

Hundreds of men are employed on the Pittsburg, Fort Wayne and Chicago road reducing the grade between West Rochester and South Brighton. This work was started several years ago, but abandoned during the dull times. This work completed, engines will haul five to eight more cars, and the fast trains will be able to increase their speed.

The March announcement of the assessment of demerit marks under the Brown system of discipline on the Wabash is out, and it shows that on the eastern division a switchman was dismissed for intoxication and a brakeman dropped for the accumulation of the fatal sixty demerit marks. It is stated that the new system of discipline has already perceptibly improved the service.

Last year the Nickel Plate made extensive improvements to its western division in building new bridges, laying heavier steel, etc. Now the company has commenced similar improvements to its lines east of Cleveland. The long wooden bridges at Angola, Silver Creek and Ashtabula have been replaced with new steel structures, and large quantities of new steel and cross-ties are being distributed.

S. R. Calloway is noted among railroad men for his unpretentious habits, as a rule traveling in a coach with the public, but his position is now such that he cannot conveniently do so, and the Wagner Palace Car company has furnished him the elegant private car Grassmere to travel in. It is stated that it took a considerable amount of gentle pressure to induce him to accept the offer of the Wagner people.

Norman Beckley, who entered the service of the Lake Shore road in 1858, states that the stock of the Lake Shore, which is now selling at $200 per share, then sold at $7 per share. There is one thing which seems a little singular—the passenger business of the Lake Shore was then heavier than now. Just as many trains were run then, and there were no empty seats. The business which the Lake Shore then enjoyed is divided now with four competing lines.

Wabash Plain Dealer: "Here is an innovation. Passengers arriving in Chicago after May 1 will have the opportunity of riding to their hotels or transferring across the city in horseless carriages. The electric vehicle is no longer an experiment, and arrangements have been made with the Owen H. Fay company, of Chicago, for this service from the Dearborn Street station. Aside from the pleasing novelty of being whizzed through the streets with no apparent motive power, these electric vehicles will prove valuable as time savers, especially where transfer across the city to other depots for connection is desired. The progressive management of the Wabash certainly deserves great credit for adopting this radical improvement."

A YANKEE TRICK.

United States Cutting Off Spain's Coal Supply.

A Collier With Cargo for Spain to be Purchased—Spain Will be Helpless in Western Water.

NEW YORK, April 18.—A dispatch to the Herald from Washington says:

In view of Spain's efforts to collect coal at Havana and San Juan, no doubt exists in political circles that the naval plan for the Spanish government contemplate the dispatch of the fleet to western waters.

It is officially admitted that this government has determined not to permit American coal to be taken to the Cape Verde islands on board the British tramp steamship Hampstead and that negotiations are under way for the sale of that vessel and her cargo to the United States. The Hampstead, although she was to have sailed Saturday has not gone and her purchase will probably be announced.

It is admitted by officials that they are trying to meet trick with trick. There is but a small amount of coal at St. Vincent and it would be necessary for the Spanish fleet to go to some other point for fuel within a short time, as the supply at Cape Verde cannot last any length of time. It was to help the fleet now gathered at that point that the Hampstead was ordered to proceed to Cape Verde after purchasing a supply at Lambert's Point. The United States is in great need of colliers, especially one already loaded with coal and it would, therefore, be only too glad to take from Spain the vessel and her cargo and use her for offensive purposes against her first employer.

Official information received by the authorities also indicates that there is but a small quantity of coal at the Canary Islands. A desperate effort is being made by Spain to ship supplies to that point and also to Cape Verde, which is evidently to be the anchorage of the fleet until war breaks out. It is impossible for Spain to procure coal in England because of the strike now in progress in the coal mines and also because the English coal dealers refuse to receive promises to pay, and will only sell to the Madrid government for cash.

It is known that Spain has been floating considerable paper in continental Europe, but she has been unable to force any bonds on the English merchants. Whether Spain pays cash for goods purchased in the United States is not known, but it is believed that what little money she has she is spending for protection and the coal she is sending to Havana.

WANTS TO FIGHT.

Gen. Lew Wallace Withdraws From the Senatorial Race.

INDIANAPOLIS, Ind., April 18.—Gen. Lew Wallace gave out the following statement yesterday over his own signature:

"In view of the certainty of war with Spain, I today tendered the national government my services in the field. That I have been a candidate for United States senator may subject this action on my part to misconstruction, so I beg to announce my withdrawal from the senatorial race. To the many republicans who have given me their support I offer my hearty thanks and most grateful acknowledgements."

The general has said all along that he was anxious to go to the front in the event of war. His withdrawal from the senatorial race, his friends say, is final. The indications are that Governor Mount will be the senator if the republicans carry the legislature. Unless there is a demand for many volunteers from Indiana the general will not get a commission from Governor Mount, as the officers of the national guard of the state are to be chosen first.

MAY GO TO WAR.

Employes Under Treasury Department Will be Reinstated When They Return.

WASHINGTON, April 18.—Secretary Gage has issued a circular in which he states that in case any officer, clerk or employe under the treasury department desires to leave the service temporarily to engage in the military service in the event of war, he may be reinstated at any time within one year. Temporary appointments will be made to fill places so vacated, with the understanding that upon the return of the employe the temporary clerk will be removed so that the former can be reinstated.

There will be a social and entertainment given at St. John's Lutheran church tomorrow evening.

LABOR FOR WAR.

Peace Resolutions Voted Down in New York.

Bishop Potter and Other Great Men Present a Strong Declaration to the Central Labor Union.

NEW YORK, April 18.—Bishop Potter presented a set of resolutions against war at the meeting of the Central Labor Union last night, but they were defeated by a vote of nearly 2 to 1. The resolutions were signed by the bishop, Ernest H. Crosby, Wm. Dean Howells, Bolton Hall, Chas. Frederic Adams and John C. Crosby.

The resolutions are a masterly arraignment of war and a plea for peace, couched in the most persuasive language of men renowned for their ability in the use of words; but they failed to stem the tide of patriotism.

They say the destruction of the Maine is a question of fact, and should be left to arbitration; that the cruelty and oppression of the poor in our land equal that in Cuba; that war will add only suffering to both Cuba and the United States; that a Cuban republic would be more cruel and oppressive than the Spanish rule; that the speculators would make money while the workingmen of the two nations shot each other down, and that a foreign war would interfere with the great battle for industrial freedom, which is more important.

PLEASANT HOURS

Enjoyed by Fort Wayne Citizens and Their Friends.

Sunday School Picnic, Wedding Anniversary, Birthday Celebration and Other Enjoyable Events.

Saturday, at his home, on South Broadway, A. C. Beaver entertained the Sunday school class of Mrs. Stevens, of the First Baptist church. Before going to the home of the host the young people enjoyed a 'bus ride about the city. After reaching their destination games were played until about 10 o'clock, when Miss Stella Hafner was crowned queen of the day and presented with a handsome bouquet of flowers. In return the class presented Mr. Beaver with a silver cup and saucer.

At 12 o'clock the guests were invited into the dining room, where a bounteous feast awaited them. After this pleasing part of the program Mr. Perry, the photographer, took several pictures of the class and the house. At 3 o'clock the young people visited the county poor house and orphans' home. Upon their return music and recitations were listened to. At 5 o'clock the young people departed for their homes. The thirty guests heartily thanked Mr. Beaver for the pleasure he had given them.

BIRTHDAY ANNIVERSARY.

Mr. and Mrs. John Caston, of No. 11 Randolph street, very pleasantly entertained about sixty of their friends last Saturday evening, in honor of Mr. Caston's twenty-fifth birthday anniversary. Music and dancing were features of the evening. At 12 o'clock lunch was served, after which the guests departed, wishing Mr. Caston many more happy anniversaries.

A SHOPMAN SURPRISED.

One of the notable social events of last week was the surprise party gotten up in honor of John R. Kretsinger, foreman of the Pittsburg planing mills, which occurred last Saturday evening. On that day Mr. Kretsinger was thirty-six years old and the surprise was in commemoration of the anniversary. Forty-two friends and neighbors participated in the festivities and never did they have a more enjoyable time. The White family was present and furnished music and a delicious supper was served at 10 o'clock. The guests presented Mr. Kretsinger with a handsome easy chair.

A SILVER WEDDING.

Last Saturday evening Mr. and Mrs. William W. Birely, of 143 Wallace street, celebrated in an appropriate manner the twenty-fifth anniversary of their wedding. There were about forty guests, among them being Mr. and Mrs. Oliver Birely, of Piqua, Ohio, and Mrs. Jennie Frech, of Abelio. The other guests were friends and relatives who reside in the city. The couple received numerous presents, all handsome and appropriate. Supper was served during the evening.
